JAMES DUNNET, Merchant,
Pakenham,
July 6, 1859.

ADVERTISEMENT.
To the Editor of the Carleton P. Herald.
Sir—I beg leave through the medium of your
columns to come before your readers particularly
those of Beckwith and Ramsey, with a few remarks
respecting the Sale of a combined and improved
Mowing Machine. Manufactured by Mr. John Sumner
of Montreal. And sold by, if I am correctly in-
formed, a gentleman named Sergeant, and some parties
having communicated with me on the price and
means of delivery of my combined machine, which
during the interval of our correspondence and pro-
vision to my shipping any of the above
vender made his exit into the above Town-
ships representing his and mine as made from
the pattern which induced some persons to purchase
before seeing mine, however, I will now show some
of the points of difference in both machines, plainly
demonstrating that they are not of one pattern, but
totally different. The mow machine which I
saw at Mr. Seward's, sold by Mr. Sergeant, was
propelled by a thirty inch ground wheel, the grain
wheel 23 inches, the three wheel or car about 8
inches, and but one motion of the reel for both grain
and grass. While my machine has a 36 inch ground
wheel, a 29 inch grain wheel, and a 12 inch
car wheel together with two motions of the reel for
grain and grass—last and slow and the grain wheel
brighter draught and differing in every other respect
as much as the few points here set forth. Now my
chief motive in being before the public the under-
standing manner in which the above agent or vender
has represented him, and misrepresented my combin-
ed machine in order to make sale of his, thereby
imposing upon those who purchased of him an ar-
ticle which was not what it was represented to be,
furthermore to satisfy the public and farmers gen-
erally throughout the country of the superior quality
of mine over his. I challenge and call upon you to
appoint the time and place in the Township of Ram-
sey to meet me there with his Machine, by giving
me 6 or 8 days notice of the time and place either
by letter or in the Carleton Herald. And then
there complete with me, have a fair trial, and test
the advantages and facilities the one may have over
the other, in grain and grass. With these few re-
marks I will patiently await the notice of competi-
tion, and would inform any person wishing to pur-
chase my machine to apply to Mr. Robert McFarland,
Local agent. (Almonte).
THOMAS S. CLOW.
Dated Dalmon, July 11th, 1859.

Appleton Foundry.
RAMSAY, C. W.
McRAE and PEARCE,
IRON & BRASS FOUNDERS, MACHINISTS,
AGRICULTURAL IMPLEMENT MAKERS.

BE respectfully intimate that they
are prepared to manufacture Thrash-
ing Mills, Cultivators, Cat Crushers, and all
kinds of Agricultural Machines; from their
practical knowledge of the business in all its
branches, and combining the best of material
and finish, they hope to merit a share of
public patronage.

McR. & P. would especially call the
attention of Farmers and Agriculturalists to
their New Ploughs, which have been pro-
duced by all who have got them to be the
best ever obtained in this part of the country.

A great number of these have been sold and
testimonials can be shown to parties wishing
to purchase, the opinion of the best Farmers in
the District.

paid, unless otherwise arranged.

ROBERT BROWN,
Pakenham.
May 24, 1859.

SMITH'S
LATEST IMPROVED COMBINED
MOWING AND REAPING
MACHINE.

THE Subscriber has the pleasure to in-
form Agriculturalists and Farmers,
that he has now on hand an assortment of the
above celebrated MACHINES, which he
offers for Sale at the lowest possible prices,
and on the most favorable Terms of pay-
ment. These Machines have all the latest
improvements. They are of the best materi-
al and Workmanship, easy to manage and
extremely light and durable. They are re-
commended to parties in want of Machines
with full confidence of their giving every
satisfaction.

The attention of Farmers and intend-
ing purchasers is respectfully invited by the
manufacturer to the late Improvements made by
which are now combined in these Machines
great advantages over all others.

Lightness of the Machine and easier of
Draft. The facility for raising and lowering
in passing over obstructions or through
tough ground without stopping.

The way the wheel is placed under the
tongue to carry the machine steadily through
furrows avoiding the troublesome joint in the
tongue and bringing the team so much nearer
the work.

As there have been many improvements
added since last year I will now warrant it
as a COMBINED MACHINE, to be alto-
gether Superior to anything now manufactured
in Canada, and fully equal to the celebra-
ted "Mowsey's," which has taken more premiums
than all the other Machines in the United
States!

And in Paris in 1855, the above machine
carried off the first Prize amidst the applause
of Representatives of all countries in the
world. This Machine also took the prize at
the two last Provincial Exhibitions for Can-
ada, held in Montreal.

One of the improved Machines can be
seen on the premises of the Agent, near Arnprior,
and one at Bell's Corners, Nepean. All
letters (post paid) for information or purchase
promptly attended to.

Farmers, before buying, come and examine
for yourselves.
