# GREYHOUNDS LOST VARSITY'S TRAIL IN FIRST MEETING

Superior Speed Enabled Blue Turn Devonshire Track Into and White To Offset Close Checking of Northmen-Two Goals Near Finish.

TORONTO, March 10.-University of Toronto Senior O. H. A. champions defeated Sault St. Marie, champions of the Northern Ontario Hockey Association, 5 to 2, in the first of two games in the Allan Cup elimination series for Ontario. The second game will be played Saturday night. The winner of this series is to play McGill, champions of Quebec, next Tuesday at the Toronto Arena. The Soo team gave Varsity the toughest kind of an argument, showing great improvement over the form they displayed Tuesday night, when they defeated Galt, Intermediate O. H. A. championship. Varsity displayed better finish, but the men from the Soo checked them too closely to permit of their scortoo closely to permit of their scoring as they did against Granites last weel. Varsity attacked all the time, and their superior speed gave them the victory. Two of their goals were scored in the last moments of the game. Up to that time the score was very even, as was the game. Carson and Wright were the most prominent players on the Varsity line-up, while Desjardins and Donnely shone for the Soo.

thor of many golf and other lyrics, took the form of a presentation by the Rotary Club to him today of a set of gold cuff links. The presentation took place at the noonday luncheon. Residents of Onondaga and the St. George roads asked the county fathers this afternoon for better roads in their sections, while the Canadian Packing Company asked for a concrete highway on the Burford road between the city and their plant, their truck costs having been very high for this small section. Two trucks broke down this week.

WINDSOR, March 10 .- What is considered by many to be a long felt want in the Border Cities is about to be fulfilled if plans now under contemplation by the officials of the Western Racing Association controlling In view of the fact that the tract of land occupied by the track is unused during most of the year the directors

are not in progress. Accordingly they offered to turn the entire piece of land to be used as a public goil course, and the indications are that work on the construction of such a course will be commenced in the near future.

The inclusion of Port Huron in the M.-O. circuit has a farther reaching effect than appears on the surface. It practically means the permanency of an international circuit, because the Mint with the new cities included is ideally compact, as it will now start out the season.

Hardly any arrangement of an all-Canadian circuit, as desirable as that is from a sentimental point of vew, would produce a more compact circuit than the Mint now presents, nor would it produce much better baseball. The international flavor to the Mint adds zest to the fiag race, which would be lacking in a Canuck league

Port Huron should prove a good ball centre. A few years ago, as a city, it called down more uncomplimentary and suiphurous abuse than probably any city in the States, but of late, it has shown a splendid civic spirit and progressiveness. Once Samia gets the angle of Port Huron and especially in direct competition with a team halling from London, loud support will be offered by the Imperial City fans on principle. ther reaching effect than appears

If Judge Landis continues in his dual role of federal judge and supreme arbiter of baseball, drawing salaries from both public and private sources, he must expect criticism. Whatever the motives, criticism will not be silenced whether or not Congress at its next session censures him for his acts.

It was not thought impeachment would be voted by Congress, yet a majority of the House judiciary committee expressed the opinion an "impropriety" had been committed if the facts were as stated.

Personally, we had hoped this situation and finally in seventeen minutes hoisted the white flag.

Not since the days that Terry McGovern's torrential rushes bore down his opponents and amazed the onlookers has an athlete shown so irresistible an attack as Pesek. It is in order to put

"Judge Landis is the exception which proves the rule."
Baseball needs a two-fisted dictator. Judge Landis is that. All this sentimental twaddle about baseball as "our national sport" and the "pastime of millions" might be convincing were it not for its commercialized sponsors. Organized baseball is a business, and a big business in the amount of money invested.

If Judge Landis, convinced in his own mind that he is following the right path, decides to stand the gaff, he is a game fellow—gamer than most game fellows.

EDDIE STEVENS

After lambastinge the Britisburger finds himself matchless. Although Carpentier gave his word that he would meet the winner of the Beckett. Moran bout, the Frenchman reconsidered and explained that he would not box anyone previous to his title bout with Dempsey.

Moran is not regarded in America as a world-beater, and his fame rests on the fact that there is not a heavyweight in all Europe with courage enough to face him in the ring.

At frequent intervals there emerges from some oak opening a boxer who is heralded as the "next champion of the class." Occasionally the newcomer realizes the expectations of his admirers, but more often he falls even before he gets a match with the titleholder.

Malone's Ambition.

The latest puglistic

come out of the West is Jack Malone, a welterweight, who seeks a match with Britton. This alone is indicative of ccurage on the part of the youth, but in addition he has done some things very well. He recently tamed the fiery Bartfield, something the great Louis Bogash utterly failed to accomplish, and he has made free with numerous other welters.

he has made free with numerous other weiters.

Malone was one of Dempsey's spar ring partners at Toledo, and he boxed a bout preliminary to the Williard Dempsey affair. Malone showed remarkable cleverness, and defeated his opponent by a wide margin. He did not exhibit much hitting power, although he is said to have improved in that respect.

What will happen to Malone if he gets into the ring with the peerless Britton remains to be seen. But he and his friends seek the match and will have to take the consequences.

### tion might not arise, because we felt baseball would be the loser if he resigned from the federal bench. Yet down in our heart we would rsent the assumption of such duties by any federal judge in whose honesty of purpose we had not implicit confidence. As one of our associates expressed it, "Judge Landis is the exception which proves the rule." Hamilton C. I. Beat Baltimore Team by Narrow Margin

HAMILTON, March 10.-Hamilton

Collegiate athletes won from Baltimore tonight by a narrow margin. The local athletes won the 60-yard dash, 1,000-yards run, 60-yards hurdle, 600-yards run and the pole Baltimore did not make an entry. Baltimore won the 300 yards, the mile run and the mile relay. Baltimore, however, had five second places and thus ran their points score up. The visitors compete at London on Saturday night.

# Guelph Has Senior

Suppor

GUELPH GUELPH. March 10.—It is some years since Guelph has been represented by a lacrosse team, but a move is now on foot to revive the Canadian national game in this city. It is the intention of those behind the scheme to build up a senior team in Guelph, and an effort will be made to get into the O. A. L. A. group along with such noted teams as Orangeville, Brampton, St. Catharines and St. Simons of Toronto. A number of crack players are at present residing in the city and little difficulty would be experienced in rounding up a squad that would give the best outfits in this section of the province a battle for championship honors.

Senators Playing in Old-Time | "Goldie" Up in Select Form Pulled Expected Win -Cleghorn Bad Against Former Teammates.

OTTAWA, March 10 .- Playing with he old-time dash and determination which won the first half of the National Hockey League schedule, the Ottawa Senators blanked the St. Patrick team of Toronto here tonight, in the first of the post-season games to determine who will defend the Stanley Chp against the Pacific Coast League champions, by a score of 5 to 0. Soft ice made skating and puck-carrying extremely difficult, and the enormous crowd that attended was treated to a very ordinary game of hockey.
