DISTRICT AND GENERAL

Navigation opened at Montreal last week, the earliest in 40 years. Eggs sell at 22 1-2 cents in Saskatoon, and 15 cents in the country around.

Provincial road contracts have been let, totalling two and one-half millions.

Arrangements have been made to hold the annual Synod meeting of the Diocese of Huron in London on May 9th.

Look for defects in a person and you will always find them—but look for good points, and you will find them, too.

Seventy-five per cent of the fruit crop in the State of Oklahoma was destroyed by freezing temperatures, entailing a loss estimated at \$11,000,000.

A farmer near Parkhill found some apples in his orchard trees this spring which had wintered in the open and come through in perfectly sound condition.

A sign of the approach of the horseless age is the fact that the number in the graduating class at the Toronto veterinary college fell from 250 in 1891 to 25 last year.

More than one-half of the 1920 crop of potatoes remain in the hands of the growers of Michigan, according to the answers received to a questionnaire sent to banks in 285 towns of the state from which potatoes are shipped. Many of the farmers are feeding "spuds" and many others declare they will not ship unless prices advance.

Cultivate the old-time honest practice of returning the articles you borrow as soon as your job is completed. Take a day and gather up your neighbors' goods and don't stop until you land them at the home of the owner. When a man has to phone for the loan of his own step ladder, cross cut saw, etc., it is time ownership rights were looked up. No! of course not, you never intended keeping them, but why don't you take them back?

John Farrell of Forest has been appointed immigration officer in London for Western Ontario. It will be part of his duties to meet immigrants at the port of landing and direct them to where they can be advantageously placed. Hitherto a large number of good men, who landed at Montreal or some other port, drifted in directions altogether unsuited to their particular qualifications, and Western Ontario was deprived of the opportunity of placing them where a genuine demand existed.

If every eligible voter in Ontario exercises his—or her—franchise at the coming referendum, voting on which takes place on April 18, approximately 1,600,000 votes will be cast. Falling on a Monday, the referendum should put an end to the long controversy as to whether women are sufficiently interested in the ballot to forsake their household duties. On this will rest the proportion of the approximately 800,000 women entitled to vote who will mark their ballot. Whether the housewife will forsake the proverbial "washday" to go to the polls to "clean up" the slate of either side of the two factions remains to be seen.

Edmonton Journal.—On August 7th, 1911, Roderick McKenzie, a pioneer settler living west of the town Peace River, started for Edmonton with a bull team. Arriving here, he spent a month in the purchase of supplies and then commenced the journey towards home, which he reached on the 1st of April. His actual travelling home can be calculated. On Sunday last at noon, the two monoplanes of the Imperial Oil company, carrying seven men and a thousand pounds of equipment, left Edmonton for Peace River, which they reached in three hours. Such changes in transportation facilities in the north having taken place in less than ten years, what may we not expect in the next ten?

EKFRID STATION

Misses Marion and Margaret Campbell visited with friends at Tait's Corners last week.

We are glad to hear that W. H. Switzer is doing nicely after undergoing an operation for a mastoid in St. Joseph's Hospital last week.

Mrs. Elsie Campbell has returned from a visit with friends at Lalgie. Services will be held next Sunday evening, April 10th, at 7.30.

Miss Anna Eaton is visiting friends in Dunwich.

HORTICULTURAL SOCIETY

A meeting will be held in the town hall on Wednesday evening, April 13, at 8 o'clock, to organize a horticultural society for Glencoe. Dr. F. E. Bennett of St. Thomas, a prominent horticulturist, will address the meeting and everybody is invited to attend.

It is hoped that the citizens will turn out to this meeting in strong numbers and show their interest in so worthy an object. There is much to be done in Glencoe. One of the chief glories of the town is its trees, but they need some care. In places they want thinning out and proper pruning. Some should be ruthlessly cut down, and in many places and streets much planting requires to be done. A horticultural society can take such work in hand, can advise, and organize and build for the future, near and far off.

The work that can be done is limitless, but the very least of it will be an accomplishment worth while.

Referring in its last issue to the horticultural society recently created in Petrolia, the Topic of that town says:—"It has met with a most encouraging response from the public to which it appealed for membership, and it has gathered into its councils much of the very best citizenship the community can boast. It starts out with the prospect of being able to accomplish much useful work. It ought to prove a boon and a blessing for all time to come. It is observed that many societies as the years pass rise and fall and are forgotten but it is also noticeable that amongst those which live and prosper are horticultural societies. The love of flowers and trees and growing things is common to all the ages and all ways there will be people who will have enough interest in the beautiful in nature to take care that the horticultural and like societies will flourish. And so we may look forward to a long and useful career for the local organization."

FUNERAL OF MR. CLANAHAN

The funeral of the late Robert Clannahan took place on March 30, the service being held in the Presbyterian church and was largely attended. Rev. Mr. Paton conducted the service, assisted by Rev. Mr. Garbutt and Rev. Mr. Charlton. During the service Mrs. J. A. McLachlan and Mrs. J. N. Currie sang the deceased's favorite hymn, "Beautiful Isle of Somewhere."

The floral tributes were beautiful. Special mention might be made of the beautiful wreath from the post office staff, where Mr. Clannahan had spent so many years as postmaster. The pallbearers were James Brown, L. McTaggart, L. Suttler, J. McLachlan, Neil McKellar and Fred Aldred.

CENSORING IN THE WEST

One hundred and seventy-four picture films were condemned by the censor in Alberta last year; 112 other films suffered eliminations.

The standard adopted by the four Western provinces puts under the ban pictures portraying "white slavery, unless a true moral lesson is conveyed; gruesome scenes involving bloodshed and corpses, offensive drunkenness and exploitation of notorious characters."

The censorship standard disapproves of pictures dealing with the drug habit, of scenes showing the methods of criminals in murder, house breaking, poisoning, robbery, pocket picking, lighting and throwing of bombs, use of ether, chloroform, etc., and other methods of persons employing violence against the law. The disapproval extends to pictures dealing with counterfeiting, with brutal treatment of children and of animals and with scenes dealing with ridicule of races, classes, or social bodies, as well as irreverent and sacrilegious treatment of religious bodies or things held to be sacred.

Vulgarity of a "gross" kind also are disapproved, such as sometimes appear in slapstick comedies, such as burlesquing morgues, funerals, asylums, hospitals, etc.
Other things under disapproval of the censorship are bathing scenes "which pass the limit of propriety," immodest dancing, needless exhibition of women in night dresses and lingerie, and studio and other scenes in which the human form is unduly exposed. Sensual kissing scenes and love-making and vampire scenes also come under the censor's frown.

H. I. Johnston, local druggist, agent for Templeton's, Limited, has free samples of Rheumatic Capsules and RAZ-MAH for Asthma, to be had for the asking.

A fourth consignment sale conducted by the Ontario Duero Jersey Breeders' Association is being advertised in this issue to be held at Essex on Saturday, April 9. The association has already attained for itself a good reputation for the quality of Dueros put through their sale ring. A rigid system of inspection has made certain that no inferior animals are included in this sale which furnishes an opportunity for farmers to secure good foundation stock.

GLENCOE COUNCIL

The regular meeting of the Glencoe council was held on Tuesday, April 5th. Members present—Reeve McPherson, Councillors Parrott, Davidson and McCracken. The minutes of the last meeting were read and adopted.

On motion of Messrs. Parrott and Davidson the auditors' report was accepted, and the clerk was instructed to issue orders on the treasurer for \$20 each in favor of the auditors. The clerk was also instructed to secure 100 printed copies of report.

Charles George, Clerk.

MOSA

The Women's Institute of No. 9, Mosa, met at Miss M. Corbett's on March 31. There were fifteen members present. One new member was enrolled. Collection was \$3.25. Collection for flowers was 95c. A donation of \$25 was given to the Blind Institute in Toronto. Mrs. McLean read a paper entitled "Value of change of air and scenery." Miss Jessie Mitchell and Miss Sarah McLachlan each sang a solo.
