**RECAP OF THIS WEEK'S CLUES:**

- # 11- It's not a San Marco or a Trafalgar but it's UNB's answer. Under the snow lies its principal charm. But under the archway you must go; just go with the crowd and you're almost there!
- # 12- Out behind you the beakers, and don't bring your bike 'cause we're going in!
- # 13- No man is an island, but if you're still confused, perhaps it's time for some serious study!
- # 14- Clues 5 and 10 hold the key to your destination, and you don't have to be a bookworm to figure it out!
