

making together - $8 \frac{28}{100}$ Acres
of which in the Assignment from
John R. Martin to the Great
Western Railway Company there
are transferred $3 \frac{25}{100}$ Acres
leaving $4 \frac{93}{100}$ Acres. And in the
Transfer from John R. Martin
to Edward Martin all of blocks
H and I are assigned to him
excepting so much thereof as
had been assigned to The Canada
River Line Railway Company, and
which as shown above would
according to the Office Salesbook
be $4 \frac{93}{100}$ Acres. But in the Plan
and Description by Mr Brown
of the parts assigned to Mr Edward
Martin that in Block I is stated
at $1 \frac{94}{100}$ Acres, and that in H -
" $3 \frac{43}{100}$, making together $5 \frac{37}{100}$ Acres;
