North-West Territories,
Regina, 26th July, 1886.

Circular

Sir,

I beg to inform you that I have requested the Publisher of the "North-West Farmer" to send you a copy of that paper for one year, and to request that, after having read it, you will send it in turn to each Instructor in your Agency; and afterwards it should be kept on file in the Agency Office, for future reference.

It is hoped that it will be found of use; and it is desired that, when information is needed by Instructors, upon any subject within the province of the paper, he will not hesitate to write to the Editor.

I have the honor to be,

Sir,

Your obedient Servant

Hayter West

asst. Commissioner.

Indian Agent,
Peace Hills.
