Dear Sir:

Regarding the fence posts which we promised you, they have been cut and ready for you for a considerable length of time at the portable mill. We have no means of transporting these to your place and would appreciate it if you would take them away a few at a time in your car.

If you will come in to the office, here, I will give you an order for the wire whenever you are ready for it.

Your land was cleared by our bulldozer a good many months ago so taking everything into consideration, we feel that we are doing our part as we promised and can see no reason for any complaints on your part. If any further question arises regarding the above, will you please call at this office where I am always available.

Very truly yours,

STANDARD LOGGING CO.
