

Salutatory

OUR first catalog is herewith presented to the Canadian Telephone public.

The first catalog of the first and only bona fide manufacturing company in Canada making *all* of its Telephone and Switchboard apparatus for Independent Companies.

Manufacturing from the raw material under exclusive rights secured from the Swedish-American Telephone Company of Chicago, U. S. A., insuring the highest standard of all telephone and switchboard apparatus.

Therefore

Upon the above basis and with the additional fact that being the pioneer manufacturers in Canada (not assemblers calling it manufacturing), we solicit the patronage of all Canadian Independents. Canadians for Canada and absolutely the best goods in the world at fair prices consistent with the class of apparatus, merits your patronage.

Dominion Telephone Manufacturing Co., Limited
Waterford, Ontario, Can.
