

AN ENTIRELY NEW SERIES OF
VOLUMES BY LEADING EXPOSITORS

THE SHORT COURSE SERIES

Edited by the
REV. JOHN ADAMS, B.D.

The title of the present Series is a sufficient indication of its purpose. Few preachers, or congregations, will face the long courses of expository lectures which characterised the preaching of the past, but there is a growing conviction that an occasional short course, of six or eight connected studies on a definite theme, is a necessity of mental and ministerial life. It is at this point the projected Series would strike in. It would suggest to those who are mapping out a scheme of work for the future, a variety of subjects which might be utilised in this way.

The appeal, however, will not be restricted to ministers or preachers. The various Volumes will meet the needs of laymen and Sunday School teachers who are interested in a scholarly, but also practical, exposition of Bible history and doctrine. It will be the constant aim of the various contributors to make "The Short Course Series" one of the most convenient and valuable of Bible helps.

The first 3 volumes are ready. Price 60c. Postage paid.
