

A \$3.00 Stock Book Free

Contains 183 Large Engravings

This book, cost us over \$5,000 to produce. The cover is a beautiful live stock picture, lithographed in colors. The book contains 180 pages, size 6 1/2 x 9 1/2, gives history, description and illustration of the various breeds of horses, cattle, sheep, dogs and poultry. Many stockmen say they would not take five dollars for their copy if they could not get another. The finely illustrated veterinary department will save you hundreds of dollars, as it treats of all the ordinary diseases to which stock are subject and tells you how to cure them.

Sole Manufacturers of
INTERNATIONAL STOCK FOOD

THREE FEEDS FOR ONE CENT

INTERNATIONAL STOCK FOOD, 3 FEEDS FOR ONE CENT, is a purely vegetable MEDICINAL preparation composed of roots, herbs, seeds, bark, etc. It is equally good and very profitable to use with cows, goats, cattle, pigs, calves, pigs, sheep or lambs, because it purifies the blood, tones up and permeates and strengthens the entire system, keeps them healthy and generally aids digestion and assimilation, so that each animal obtains more nutrition from the grain eaten. For this reason it will save you GRAIN and MAKE YOU LARGE CASH PROFITS. You don't spend money when you feed International Stock Food. You save money because the GRAIN SAVED will pay much more than the cost of the International Stock Food. Refuse all substitutes and get paying results by using only the genuine International Stock Food.

LIVE STOCK

Toronto, March 30, 1908.
Receipts at both Toronto Junction and city markets have ruled light during the week and prices have been higher in most lines. The quality of the run shows little change, though the usual proportion of unfinisned and inferior cattle. Trade for fat cattle was decidedly better than for some time past, owing entirely to the light run, there being nothing in general trade conditions to warrant it. Prices advanced 10 per cent during the week.

Export cattle sold as high as \$5.35, but this was only for the finest quality. The best ruling at \$5. to \$5.25. Export bulls sold at \$4. to \$4.75, and a few of extra quality reaching \$4.75 per cwt.

Butchers' cattle have been in demand. Choice brockets sold at \$5. to \$5.25, and cow loads at \$4.75 to \$5 per cwt.; loads of good cattle at \$4.50 to \$4.75; medium \$4.25 to \$4.40; common \$3.90 to \$4.15; cow \$3. to \$4.25, and canners \$1.50 to \$2.50 per cwt.

There are few feeders and stockers ofering. There is some demand at current prices for steers weighing 500 to 1,000 lbs. each. Good, fleshy steers were too high in price to seek to buy for feeding purposes. Feeders of the right quality with some weight should meet with ready sale from stockers. Present prices are as follows: Best feeders, 550 to 1,000 lbs., \$4. to \$4.40; best feeders, 800 to 950 lbs., each, \$3.60 to \$4; and the best stockers, 500 to 700 lbs., each, \$3. to \$3.25 a cwt.

The brisk trade in fat cattle did not follow business in milkers and springers. Trade in these was somewhat drab, especially for the quality. One to choice quality did not bring as high prices as sometime ago. Choice milkers sold last week at \$20 to \$25, and medium to good \$30 to \$37 each. Common cows are almost unobtainable, and some dealers are loaded up with inferior cantsol milk. One drover reports having paid \$36 for one in the country and sold her for \$25, and another as having paid \$35 for a cow, which brought only the same figure here. Choice quality counts in the lamb market just now. Choice grain fed yearling lambs sold last week at \$7 to \$7.50 a cwt. and common and inferior lean and muck lambs at \$5 to \$6 a cwt. The latter kind are not wanted. Sheep sell at \$4.20 to \$5.25 a cwt. Extra choice spring lambs sold at high as \$10 each, the bulk bringing \$4 to \$5 each.

TORONTO HOG PRICES

The Wm. Davies Co., Toronto, quote prices for hogs as follows: Best, 70 lbs. week, as follows: \$6.50 a cwt. f.o.b. at country points; \$5.50, fed and watered at stock yards same day at arrival, and \$5.00 delivered at their packing house the following morning. They report no change in the export bacon market and that Danish killings continue large.

BUTTER AND CHEESE TRADE

Montreal, Saturday, March 28.—There has been rather more doing in the trade during the past week or 10 days. Shipments have been heavy, and a large quantity of a number of sales having been made at prices ranging from 12 to 15. It looks very much as if holders have been obliged to reduce their prices a little to bring on a demand sufficient to clear out the balance of their stocks. There is very little left here for sale and two or three recent orders would clean them out.

Advice from the country indicate that a few factories will be opening up on April 1st. It would pay better to make butter instead of cheese, wherever it is possible to do so, as butter is comparatively scarce here and likely to be maintained in high prices, whereas there is sufficient cheese to supply the requirements of the British trade, and any quantity of cheap fodder cheese from Canada would interfere considerably with the sale of the balance of the old cheese in stores here and in the United Kingdom.

BUTTER.—The butter market is steady. There has been no wholesale way at \$6 to \$6 for creamery or cold store, but the quality of the goods offered is not at all desirable, and the trade is eagerly looking for the first arrivals of new butter. A few lots have been offered here by the factories that have been running during the past week or two, and prices have been bought up at prices ranging from \$5 to \$6 according to quality.

MONTRÉAL PRODUCE MARKETS

Montreal, Saturday, March 28.—The local market for produce has been declining steadily. This morning quotations are down to \$6 for fresh stock. Receipts are heavy, and there is every prospect of still lower prices next week. The demand is good, and is being up well to the steadily increasing receipts.

BUTTER.—Prices for butter are steady. Prices ranging from \$5 for best dairy to \$6 for best creamery. Dairy is scarce and creamery is in great demand. All made creamery commands \$6, but there is a large proportion of the stock in stores that could hardly be called choice and this class of goods is offering around the market at \$5 to \$5 1/2 a lb. **CHEESE.**—The local demand for cheese is fair, and for finest stock 14 lb. is being made.
