

Twenty Years After

LOOK ahead twenty years; it seems a long period, but it swiftly passes when one is engaged with pressing duties.

An endowment policy in The Mutual Life of Canada, payable twenty years hence, seems at first thought a slow method of saving money.

But, should the assured die at any time during the twenty years, immediately the whole amount of the policy is available for his family.

On the other hand, should be live to the end of the twenty years, he binneff receives the amount of , the policy with accumulated profits.

The Mutual is paying from \$140.00 to \$150.00 at the end of the 20-year endowment term for every \$100.00 invested: you will be satisfied while the policy lasts and also when it matures "twenty years after" if it is a policy in The Mutual Life of Canada.
