This new variety, we purchased in 1912 from A. N. Jones, Batavia, N. Y., the introducer of Red Clawson, Winter Fife, Genesee Giant, Longberry, Red Wave and Grand Prize and other well-known varieties. It is a splendid pure White Wheat of fine milling quality; the straw is sturdy and thick walled, standing up splendidly; the heads are large and square-built and filled with grain; the chaff is white and the grain large and plump, weighing heavy. It is an early variety and a splendid stooler and gives every evidence of a splendid constitution. From 1 bushel sown in first week in October, 1912, we had 14 bushels in 1913. This sown end of September, 1913, gave us after an unfavorable winter, about 175 bushels this season.

**QUALITY IN OXFORD DOWNS.**

Another year has shown the usual annual improvement in the type and quality of the large and well-selected flock of Oxford Down sheep owned by Wm. Barnett & Sons, of Living Springs, Ont. Particularly true is this of the year's lamb crop, sired by a ram of Cooper & Nephew's importation, where rapidity of growth and a low, thick type, with perfect covering, is the almost universal rule. Parties wanting Oxford Down ewe lambs or young flock-headers, should get in touch with Mr. Barnett to ensure an early and choice selection.

The Executive of the International Live-stock Exposition held annually at the Union Stock-yards, in Chicago, have published their booklet setting forth the preliminary classification for the show, to be held from November 28 to December 5, 1914. The classification is even more extensive than ever, as some splendid new features have been added to the long list of "bring-specials" which have attracted exhibitors to the Fat Stock Show in past years. The booklet, besides designating the prizes and specials, clearly defines the rules and regulations under which competition must take place, and anyone interested in exhibiting should procure a copy from B. H. Heide, Union Stock-yards, Chicago.

Twenty thousand dollars is the sum of money the Central Canada Fair at Ottawa are offering this year in prize money to farmers and others taking part in their show. The Ottawa Show has always been noted as a big prize-offering event. According to the prize lists of the Ottawa Fair this year, now being sent out, exhibitors having entries of anywhere near a worthy character, will not have much occasion to worry. At last year's exhibition, accommodation for 2,500 head was taken up. This time the management want to make it 3,000 entries if it is at all possible. In order to induce the showing to become larger, the Directors of the Fair have again decided to pay freight upon all live stock coming to the exhibition, from the last point of shipment in the Provinces of Ontario and Quebec, and another big banner year is expected. Readers of "The Farmer's Advocate" who are the proud owners of prize-winning stock should at once write for full information, including prize lists, entry blanks, etc., to E. McMahon, Manager and Secretary, Central Canada Fair Offices, 26 Sparks St., Ottawa, Can.

**Distribution of Rams and Boars by the Federal Department of Agriculture.**

As the distribution of pure-bred stallions and bulls, 125 and 414 of which, respectively, have been located in different parts of the Dominion, has now been completed for the current year, it is announced that the Live-stock Branch of the Federal Department will undertake a further distribution of pure-bred rams and boars during the months of August, September and October next, to associations of farmers organized in districts in which the services of satisfactory breeding animals in these classes are not already available. Applications for rams and boars, a large number of which have already been received, should be made at an early date, as it will not be possible to consider those that are not made prior to October 1st. Farmers desiring to secure the services of such stock should arrange to organize an association in their district and forward their application to the Live-stock Commissioner, Department of Agriculture, Ottawa, from whom application blanks and all information with respect to the conditions under which pure-bred sires are distributed, may be obtained. It is understood that all applications shall be reported upon by officers of the Live-stock Branch, and that favorable action as regards any application shall be subject to the approval of the Live-stock Commissioner. Letters addressed to the Department do not require postage.
