The Canada Goose (Honkers)

No bird among all Canadian game appeals so much to the general public as the Canada Goose. Mystery seems to surround this bird. It is a wonderful sight in the spring to see flock after flock, in regular formation, breasting its way to the breeding grounds in the far north—to return in the fall to the South.

Methods of hunting the Canada Goose vary greatly in different localities. In the Western Provinces the most common way is to dig pits in the stubble fields and use decoys to attract the birds as they leave the sloughs to look for food. Some rely on the sheet metal decoys and a goose call.

In some places blinds are built on sand bars where the geese come at morning and evening for sand and water.

Careful concealment and quiet are imperative for their powers of perception are keen.

DOMINION Shot Shells

are the best loads for geese. Use
Canuck
with 3½ drams bulk powder or
28 grains dense, No. 4 shot.

The Fire-proof permanent roof is the cheapest

A FIRE can wipe out the savings of a lifetime, and human life as well. But lightning or fire cannot harm the building that is roofed with "Eastlake" Galvanized Shingles and sided with "Metallic" Siding.

Why risk your family's safety, or your buildings and belongings when the cost of a permanent, fireproof, "Metallic" roof and wall is little or no more than for inflammable kinds.

Before you build or repair write us for free booklet and information. We can show you real economies in many ways, including lower insurance rates.

We also make "Metallic" Ceilings, Corrugated Iron, Roof-lights, Ventilators, Silo-roofs, etc.

**More Comfort,
Less Repairing —
when your FORD
is fitted with**

H&D SHOCK ABSORBERS

Your FORD will ride as softly and smoothly as a big, expensive luxury-car, will cost less for up-keep, will wear out less tires and last longer if you put on a set of H&D's.

Over 250,000 sets in use to-day. You're safe in ordering H&D's—the logical cantilever-type shock absorbers, made expressly for FORD cars.

Do not underestimate H&D's because of their small cost. No other device at any price gives such complete satisfaction.

PRICES:
Single Arm Style—Set of 4, \$10.00
Twin Arm Style—Set of 4, \$12.00
For Ford 1-ton Truck—
Set of 4.....\$23.50

GUARANTEE If, after 30 days' use, you are not entirely satisfied with H&D Shock Absorbers, take them off and get your money back.

If your dealer cannot supply you, write us direct.
