Pure-bred Jersey Bull

11 months old for sale, a nice, thrifty, full, dark
bull. Will sell cheap. Interested
F. H. LAIRD, DRESDEN, ONT.

When writing please mention Advocate

Gossip.

James McPherson & Sons, of Spruce
Glen Farm, Dundalk, write that they
have recently sold several Shorthorn herd
sires through their advertisement in "The
Farmer's Advocate." One goes to E.
Richardson, of Grand Valley, and another
one was purchased by J. Sharman, of
Quebec. Although this bull had to be
shipped a long distance, he arrived in
good condition. Writing under date
of May 3, Messrs. McPherson state
that no seeding has been done, although
a few have been plowing. Clover has
wintered well in the district and there
was no heaving of the plants this spring.
Although feed was scarce, cattle have
wintered fairly well.

Breeders who have been attending the
Guelph Winter Fair will have become
familiar with the quality of stock shown
by J. W. Burt & Sons, of Hillsburg. This
herd now contains around fifty-four head,
headed by Pioneer of Larkin Farm, a
deep, thick, sappy bull, of good lines and
character. The breeding females are
large, roomy cows and their progeny
show good breeding. Messrs. Burt are
consigning two head to the Aberdeen-
Angus sale in Toronto, on June 2. One
of these is a senior yearling heifer, Queen
of Aberdeen, a typey, straight, thick
heifer with an attractive appearance.
The other entry is a senior yearling
bull, Justice of Aberdeen. He won
second prize at Guelph in 1919, and has
developed wonderfully since then. He
has great capacity and shows strong,
masculine character. This bull would
not look out of place, at the head of the
most elite herd. These two animals
are being offered to the highest bidder
at this sale, and it gives breeders an
opportunity of securing good animals
at their own price.

Holstein Sale at Seaforth.

Elsewhere in this issue will be noticed
the advertisement of the dispersion sale
of Holsteins to be held at Seaforth on
Thursday, May 27, by John R. Archi-
bald. Mr. Archibald is selling his entire
herd, the majority of which are young
cows which will be selling either in full
flow of milk or close to calving, and it is
worthy of note that there is not one
blemished cow among them. It might
be well to add also that Mr. Archibald did
his first official testing in the fall of 1919,
so it is quite possible that every tested
animal in the herd will increase its present
record when afforded the opportunity.
The highest record made by Mr. Archi-
bald was made with the eight-year-old
cow, Cherry Grove's Lula. She is got
by the good breeding bull, Mutual
Friend Paul De Kol, and her figures for
seven-day butter production were 24.23
lbs. She sells with a junior two-year-old
daughter which has recently made 16.47
lbs. of butter in seven days, and there is
also her November calf, which is a heifer,
sired by a 30-lb. bred bull. The 16.47-
lb. daughter, too, has a heifer calf which
is sired by Messrs. Arbogast's good sire,
Dutchland Pontiac Colantha. Lillian
De Kol Queen, a seven-year-old daughter
of Sir Houwtje Pledge Butter Boy, with a
23.20-lb. record, is the next highest
record, her record being made in January
along with the 20.10-lb. cow, Countess
Calamity Korndyke, these being the
first two cows ever officially tested on the
farm. Another five-year-old cow worthy
of mention, although still untested, is
Jenny Hartog, by Canary Mercedes
Pietertje Hartog, and dam, Jenny Boner-
ges Ormsby 3rd, the latter being a
daughter of Jenny Bonerges Ormsby 2nd,
which has in five different lactation
periods produced better than 30 lbs.
of butter in seven days. Outstanding
among the younger females listed is the
two-year-old heifer, K. S. A. C. Evangeline
De Kol. She is an exceptional type of
an individual and is sired by King Segis
Alcartra Calamity, the 35-lb. bred son
of King Segis Pontiac Alcartra, while
her dam is a 31-lb. daughter of Witzzyde
Roger Mechthilde. This heifer is due
just at sale time to Dutchland Pontiac
Colantha, whose six nearest dams aver-
aged 600 lbs. of milk in seven days. The
remaining pedigrees in the offering
contain many more which are equally
choice in breeding, and the individuality
throughout will be appreciated on sale
day. The sale will be held at the farm,
which is only a few hundred yards from
the G. T. R. station, and the cattle will
be sold, if possible, between train times.

DURABILITY OF THE DE LAVAL

This illustration is reproduced
from a photograph of Mr. Jacob
Rimelspach, in Ohio, and his
DeLaval Separator,
which has been in use
for over 25 years.

The machine was
brought in on a local
De Laval Service Day
to be looked over by the
service man.

There was nothing the
matter with the separator,
and after it was cleaned up
and oiled Mr. Rimelspach
took it home with the com-
ment that it ought to be
good for another 25 years.

The De Laval Separator gives the
greatest value for the money, because it
gives better and longer service. Mr.
Rimelspach's experience is equaled by the
records of a large number of De Laval
machines.

Considering its greater durability alone,
the De Laval is the most economical
separator to buy; and with its cleaner
skimming, easier running, greater capacity
and unequalled service, the price of a
"cheaper" machine is high in comparison.

If you don't know the De Laval
agent in your community, write
to the nearest De Laval office

CANADA'S MOST BEAUTIFUL JERSEY HERD

Herd headed by Imported Champion Rower, winner of first prize with five
of his daughters on the Island of Jersey, 1914, second in 1916, and again first in
1917. We are now offering for sale some very choice bull calves, ready for
service, sired by imported bulls and from Record of Performance imported prize-
winning cows. Also some cows and heifers. Prices right. We work our show
cows and show our work cows.

Glenhurst Ayrshires

headed by Mansfield Mains Sir Douglas Hague
No. 16163 Imp. have been noted for their depth and
size, good teats and smoothness of conformation. If
you are looking for a combination of size, type and production—plus high butterfat—write me or
visit the farm. Males and females of all ages for sale.
