## QUESTIONS AND ANSWERS. Miscellaneous.

### WHAT IS THE ENCLOSED SAMPLE OF SEEDS?

What is the enclosed sample of seeds?

G. C.

Ans.—The material has been examined at Ottawa, and found to consist of small plates of brownish-yellow mica of no economic value.

### WRITING SONGS FOR MONEY.

Would you please give me your opinion of a company, or association, that conducts business such as the enclosed sheet describes? An aged friend of mine has the knack of making rhymes, and was induced to send some of her productions to them. Then they wrote her, if she would send them so much money, they would give her half of the profits of the song, etc. I advised her to have nothing to do with them.

(MRS.) M. J. T.

Elgin Co., Ont.

Ans.—Your advice was sound. It is doubtful if your friend would ever see her deposit again, or get any return from it. We are advised by reliable music houses that the demand is very small, not "big," for contributed songs. The leading music houses of America have their own paid composers, who receive a royalty on productions that "take," and these, we expect, are comparatively few compared with the volume written. The circular letter you enclose bears all the ear-marks of being run off on a printing press, and distributed indiscriminately wherever persons can be induced to drop a penny in the slot.

### SELLING GRASS SEED TO DEALERS.

Is it legal for a farmer to sell grass seed, which has not been tested, to a dealer? Which party is liable to be fined? OLD SUBSCRIBER.

Ans.—It is as legal for any person to sell grass seed, or any other kind of seed, which has not been tested, so long as such seed will conform to the provisions of the Seed Control Act. In the sale of seed to a seed vendor or dealer, farmers are held to the observance of the Act, except when such seeds are to be cleaned or graded before being offered for sale for the purpose of seeding. If the seed dealer prove before a court that he had made clear to the farmer from whom seeds were purchased that he desired such seeds for sale for the purpose of seeding in the condition as delivered to him, it would seem clear, from the wording of the Act, that the said farmer would be held by the court to the observance of the Act.

The farmer would be liable until after the expiration of seven days from the date on which the seed had been delivered to and entered into the possession of the seed vendor. If the seed vendor exposed such seed for sale, for the purpose of seeding, he would also be liable, and, after the expiration of seven days, he alone would be liable, under the Seed Control Act.

Action might be taken against the farmer by the seed vendor, or by an official seed inspector, at his request. Action might be taken against the seed vendor by an official seed inspector acting directly, by any person who purchased such seed for seeding, or by an official seed inspector acting on his request after the purchase had been made by him.

GEO. H. CLARK,  
Seed Commissioner.

A seed we say is a simple thing,  
The germ of a flower or weed—  
But all earth's workmen, laboring  
With all the help that wealth could  
bring,  
Never could make a seed.
