

**THIS IS THE SHEET METAL AGE**

Fire or lightning are no menace to the safety of a structure protected by the new "Galt" Steel Shingles and Galt "Art" Sidings.

The "Galt" is not the first shingle—but it's the first perfect shingle. Why shouldn't it be—haven't we the weaknesses of all others to warn us?

The hercest gale can't drive rain or snow through the Gale-proof, Closed-end, Side-locks, or the continuous overlapping and interlocking bottom lock of the "Galt" Shingles.

Covered nailing flanges both top and sides—no wind can loosen them. No openings or cleats. Easiest and quickest to lay. Handsome Bold Gothic Tile patterns—fit for a palace. Best British Galvanized Steel Sheets—Guaranteed to last a life time. Ask for Catalog "B-3"—it tells all about them.

THE GALT ART METAL CO., LIMITED, GALT, ONT.

Sales and Distributing Agents: Dunn Bros., Winnipeg and Regina.

### THE ACORN COW BOWL

(Patented)

Is a money-maker, pure and simple. It places tempered water within easy reach of the cow at all times. As a natural consequence the cow drinks more water, gives more milk, and makes more money for her owner.

It is a labor-saver, too—no need to drive the herd out into the cold barn-yard to drink. Just keep water in your supply-tank, and your cattle will help themselves whenever they are thirsty.

#### WHAT THE FARMER CAN DO WITH CEMENT.

In our reader of Sept. 29th, a brief review of this valuable book was given. The value of the book is fifty cents, but the publishers, the Canada Cement Company, of Montreal, will gladly furnish it to anyone for the asking without charge. See their advertisement.

In our advertising columns will be found the advertisement of C. & E. Wood, of Freeman, Ont., in which they are offering for sale this year's crop of lambs of both sexes, as well as shearing rams and ewes, from their noted flock of Leicester sheep. This is one of the best flocks in Ontario, have been established many years, and have won in all kinds of company at the leading shows for years. The flock is particularly noted for their size, heavy covering and choice quality. Among those now on hand, for sale, are high-class show stock and high-class flock-heads. Selections are made as orders are received, and satisfaction to mail-order customers is best assured by an early order.

#### L. A. WAKELY'S DAIRY SHORT-HORNS.

Founded on Shorthorns of Bates breeding that combine big size with great milking qualities, representatives of the splendid herd of L. A. Wakely, of Bolton, Ont., have found satisfied favor with purchasers from near and far. Annabellas, Lady Janes and Nonpareils constitute the leading families represented, many of them sired by an Orange Blossom-bred son of the great bull, Imp. Gay Monarch, and now being bred to the Campbell Rosebud bull, Prince Rosebud, a son of Lavender's Pride. Several very choice, big milking cows are in the herd, one of the best being Lady Elvira, an Annabella, a roan of great scale, carrying a big, well-balanced udder. Two of her daughters, both roans, sired by the Orange Blossom bull, one six months, the other rising two years, are a right good pair, that, if properly conditioned, would make show heifers of a high order. Another choice young heifer is a red, whose dam, a Lady Jane, was sired by Imp. Scottish Prince. In young bulls, for sale, is a roan yearling, Fairy-bred, by Lavender's Pride, and another, from ten months Fairy, by the Orange Blossom bull. These are most desirable for anyone looking for a dairy-bred Shorthorn bull. Anything in the herd is for sale. The farm is connected with long-distance phone.

#### WILLOWDALE BERKSHIRES.

The superior type and quality of the Willowdale herd of Berkshire swine, the property of J. J. Wilson, of Milton, Ont., is widely recognized, and has found favor with a vast number of purchasers from Ontario to the Maritime Provinces, and across the border line to the State of Maine. The last year has been a record year for sales from this great herd, a herd that for type, quality, size and breeding, is second to none in this or probably any other country. At the present time there are in breeding thirteen sows, all of them either imported from England's best herds, or are the produce of imported stock, among them being such grand, big, good ones as Polgate Desire 8th (imp.), her full sister Polgate Desire 4th (imp.), Polgate Dahlia 4th (imp.), and Stratton Princess (imp.). Among these, and others not mentioned, are Toronto winners and Toronto champions and their daughters, the whole making a collection of brood sows that, for quality and breeding, are certainly among the world's greatest. The chief stock boar in service is Cherry Lane Duke, a son of Willowdale Doctor, who is a son of that renowned sire, Imp. Polgate Doctor. He is a hog of great length and depth, ideal in his type, and is proving as good a sire as his illustrious grandsire. From such breeding, there are for sale six 6-months-old sows, out of the two first-mentioned brood sows; also a litter of eleven out of the second-mentioned sow. Others, of both sexes, 4 months old, out of the third-mentioned brood sow, as well as both sexes, same age, out of Stratton Princess, besides both sexes of various ages from other dams.

## LIQUID CURES ECZEMA WHERE SALVES FAIL

In regard to skin diseases, medical authorities are now agreed on this:

Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

#### WASH THE GERMS OUT.

A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A trial bottle will start the cure, and give you instant relief. Write for it today to the D.D.D. Laboratories, Dept. A, 49 Colborne St., Toronto. For sale by all druggists.
