Metallics and Shot Shells

**Dominion Ammunition**

Satisfaction from shooting *Dominion Shot Shells* is due to the careful selection of materials and the scientific method of loading, which produce a perfect balance to the shooting qualities of every shell. The increasing popularity of *Dominion Metallic Cartridges* is the result of their complete adaptability to the gun, their high velocity and hard hitting penetration, all of which insure good bags of game.

## The Alpha Gas Engine

ANYBODY CAN RUN AN ALPHA Gas Engine. Your wife can run it: your boy can run it: the hired man can run it.

THERE IS NOTHING MYSTERIOUS or complicated about an Alpha. That's why it's an ideal engine for farm use.

NOT ONLY DOES THE ALPHA work well but it wears well, because it is made from the very best material and its workmanship and design are high-grade in every particular.

Eleven sizes, 2 to 28 horse-power. Each furnished in stationary, semi-portable, or portable style, and with either hopper or tank cooled cylinder.

THERE ARE NO BATTERIES TO fuss with or get run down or out of order in operating an Alpha. It starts and runs on a slow speed magneto.

JUST GIVE IT A SUPPLY OF gasoline or kerosene, oil it up and give it a pull and it saws your wood, cuts your fodder, grinds your corn, pumps your water, runs your cream separator or your washing machine, or does anything else that you want it to do. It's certainly a great labor saver on the farm.

Argument 4. The Connor Machine Company is but a small concern and may fail at any time.

It is not customary to kill off babies because they are small, as they often grow up into useful men. We have been in business for 16 years, and are feeling pretty strong and hearty, so the chances are good that we will last for quite a while yet.
