THE INVESTMENT ANNUITY POLICY OF THE North American Life Assurance Co.

Provides that at death, or if on the Endowment Plan, at the maturity of the endowment period, the Company will pay the amount of insurance in 20 or 25 equal annual instalments, the first of such to be paid on the occurrence of the event or at the expiration of the endowment period. This plan at once secures to the beneficiary an absolute guaranteed income for the period selected.

The particular features of this plan are not embodied in any other policy of insurance offered to the insuring public of Canada. It contains elements which no company has yet offered to the insured.

A much lower rate of premium is chargeable on it than on the other plans of insurance on account of the payment of the face of the policy being extended over a period of twenty or twenty-five years.

The favorite method of accumulating the profits is equally applicable to this plan of insurance as to the other investment plans of the company.

For further particulars apply to any of the Company's Agents, or to WILLIAM McCABE, Managing Director.
