

WASTING YOUR ENERGIES?

If it pays to push an article, it pays to push it to some purpose and to push more with an object of gaining permanent trade than of temporary profit. If the demand for any article stops when you stop pushing it, 95 per cent. of your energy has been wasted.

You waste no energy whatever in advocating the sale of products we represent, because they have stood the test. People who buy them once will buy them again and again. Briefly the intrinsic merit of these articles backs up the highest praise you can give them.
