"SOUL KISS" COSTS HIM TEN DOLLARS

Her Mother Threatened to Call Police and Have Him Arrested

LOGANSPORT, Ind., Mar. 1.- Ter dollars was the compromise price of a kiss which Bruce Thomas gave Nella Howath at the front gate Tuesday night. The kiss was so loud that the girl's mother heard the smack, and she hastened from the house, fearing that father had got stuck in the roadway and was having trouble in pulling his boots out of the mud, and the kiss was so long that mother caught the man with his lips glued fast to those of her daughter. Both jumped away when they saw her, and the man would have run, but she hailed him. The mother threatened to call the police and have him arrested for assault. Kissing, she charged, was an assault, and at first insisted on crim inal proceedings. Then she suggested that a money consideration might "square" matters, and after much

DRESDEN, March 1 .- Cipriano Castro, at one time President of Venezuela, today authorized the publication of a signed declaration of his inno cence of the charge that he had conspired to bring about the assassination of Juan Vicente Gomez, the present president of the republic.

"The only charge that has been raised against me," Senor Castro says in a written statement, "is that I tried to instigate the murder of Gomez. It is incredible that after having shown my interest in him in so many ways I should try to cause him to be murdered. If Gomez had given me occasion to suspect him, I would have given orders regarding him before my departure from Venezuela and I would not have been so stupid as to send such an order by cable,

"I arrived in Berlin on December 14 and when I later heard of the occurrences in Venezuela through the pres and cipher dispatches from the then Foreigner Minister of Venezuela, Jose De Jesus Paul, I answered Senor Paul in cipher through the Venezuelas legation in Berlin, transmitting to him orders regarding the situation with Holland. The originals of these messages must be in the Central Telegraph office in Caracas, where they were received.

"I declare once for all that I sent no other dispatches in cipher. knows me knows also that I am incapable of such disgraceful cowardice. "I give this declaration in the icterest of truth to the press and to foreign countries in order to set at rest in places where I am not known all doubts and suspicions regarding my behavior. "This I do also in the knowledge

that the shameful individual who instigated this conspiracy against me will have to proceed to the utmost extremes in order to justify himself, for he is aware that as soon as the matter is understoood the Venezuela people will not tolerate such perfidy.
