## CUTTING BEER OFF.

Munich, Bavaria, via London, June 18.—Munich, the greatest beer drinking center in Germany, has been compelled sharply to curtail the consumption of beer owing to the expropriation by the military authorities of a large part of the product of the breweries. The amount of beer now available for public use is only one-third of the ordinary supply.

A number of the famous beer gardens are now closing at 7 o'clock in the evening owing to the shortage of beer. Some of these places are encouraging their guests to call for lemonade as a substitute for beer.

## "MUNITIONS AT TOP SPEED," IS SLOGAN

Party of Scottish Craftsmen Return From Visit to the Front.

By Special Wire to the Courier.

Glasgow, June 18.—"We have returned from the front determined to do our best and to persuade our fellow workmen to do their best to turn out munitions at top speed," is the message a party of skilled craftsmen who have brought back after a visit to the British forces in Flanders, where every opportunity was afforded them to see war in all its stages.

The result apparently has justified the unique experiment undertaken by a large firm engaged in the production of ammunition here, which found that its output was falling considerably short of the capacity of the plant. The firm, convinced that its employees were not giving their best service, obtained permission from the government to send eight of its men to France to see for themselves the conditions under which the British army is fighting.

According to the men's report, hundreds of soldiers and officers interviewed by them in the trenches and elsewhere, pleaded without exception for more shells.

"They now return as war mission-ary workers," said a member of the firm, "and I am satisfied that the result will be a great increase in our output."

## Late Wires

## STARVING ON HILLS.

By Special Wire to the Courier.

Douglas, Ariz., June 18.—Lack of food in the towns and farming districts here has led to the starvation of the people in eastern Sonora into the mountainous section, where they are subsisting on acorns and pitallas fruit, a species of cactus, according to reports received here to-day.

Hundreds in addition to those already in the hills have been forced to leave their homes in the Campas district, it is reported, because of the confiscation of the wheat crop by General Villa, commander, for his troops. Only a small portion of the crop was given to the civilians.

## POWERFUL WIRELESS

Berlin, via London, June 18.—The federal council has declared void all contracts of sale affecting the 1915 harvest of rye, wheat, spelt, barley and oats and also crude sugar so far as the contracts call for fulfillment after August 31. ## IN CASE OF RAID

By Special Wire to the Courier.

London, June 18.—Scotland Yard last night issued further detailed instructions to the public on how to act in case of a Zeppelin raid. The suggestion is given that householders should water and sand, with which they may combat fires, close their windows and doors to check the invasion of noxious gases and provide themselves with home made respirators. As to the most satisfactory respirator the statement says:

"To his question there really is no satisfactory answer for until the poison used is known, no antidote can be indicated." It is suggested that cotton waste saturated with washing soda makes a good respirator.

## Football

## NO CITY GAMES

## FEW PRISONERS ARE BEING CAPTURED

On Western Front the Fighting is Bloody and Merciless.

By Special Wire to the Courier.

London, June 18.—The Austro-German forces in Galicia are still advancing on the schedule made by General Von Mackensen. Vienna claims that part of the heavily fortified Grodek region, where the Russians have concentrated, has fallen into the hands of the Teutonic forces. Petrograd does not admit the loss of any part of this district, but states that Russian forces have gathered there for the defence of Lemberg.

In a long review of recent operations on the eastern front the Russian war office admits frequent retreats before superior numbers but declares that Russian attacks left the Austrians and Germans so exhausted that their opponents were often able to reassume the offensive. The report states that the strategy of Grand Duke Nicholas enabled him to change his centre three times and that the efforts of his anti-onists to attack these various concentrations has caused certain signs of demoralization on their part.

The French are still on the offensive along a wide front, with the Vosges again figuring in the official communications after a period of comparative quiet. Two days of hard fighting has meant many small advances for the French with the repulse of part of the German counter attacks. Paris reports that in the Aras region alone the Germans used eleven divisions which suffered heavily. A significant phase of the operations is the small number of prisoners reported by either side.

No definite news from the Dardanelles front has reached London, but a sudden drop in the Russian exchange indicates that bankers either have received an intimation of an important success in that region, or that for some other reason they now take an optimistic view regarding the prospects that the straits will soon be open to the allies.

## RIDICULOUS OFFERS

By Special Wire to the Courier.

Rome, June 18.—An official note issued to-day, says: "The Austrians are dropping by means of toy balloons ridiculous proclamations, inviting Italian soldiers to desert. They are offered 10 crowns if they bring in a sound rifle; five hundred for a machine gun; two thousand for a field gun or an aeroplane, and 150 for a horse."

## HAS GONE ASHORE

By Special Wire to the Courier.
