**MURDER PLOT**

Anarchists Planned to Kill Austria's Ruler—One Arrest Made.

Budapest, Aug. 30.—A plot to assassinate Emperor Francis Joseph is believed to have been averted by the arrest at Drebezin, in Hungary, of an Anarchist. The prisoner gave the name of Johann Nagy, and refused to furnish information about himself. He is an Austrian.

Letters were found in his possession revealing the plot to assassinate the Emperor, and it is said, implicating others in the conspiracy.

The secret police who made the arrest are guarding these letters most zealously and details of the plot are not made public.

It is intimated many arrests will follow. The news has caused a sensation throughout Austria and Hungary.

Francis Joseph has several times been threatened with death at the hands of Anarchists, both before and since the assassination of his wife, Empress Elizabeth in 1898. The Emperor's life has been full of tragedy. He lost by sudden death Emperor Maximilian, his brother; his wife, Crown Prince Rudolf, and his wife's sister, the Duchess d'Alençon, burned to death in the Chateau Bazarat fire in Paris.

**THE CENSUS**

Report That Royal Commission May be Appointed to Investigate.

Ottawa, Aug. 30.—Influential men on both sides of politics have been turning their attention to the question of the small increase in Canada's population, as shown by the census lately taken, and that of 1891. Apart from the question of whether either or both of the censuses were incorrectly taken, and the appointment of a Parliamentary committee next session to investigate this, there seems to be a general idea that an investigation of a more thorough and searching nature should be made. In this connection report has it that a Royal Commission will be formed when Parliament opens, for the purpose of looking into the census which are preventing what would seem to be a natural increase of the population of the Dominion.

**HONORED**

W. H. Benson Elected to the High Court of Foresters

Hamilton, Aug. 31.—The discussion at the Foresters' High Court to-day was over the report of the committee on Organization. It was suggested that the district chief rangers should be paid to do organization work, and another suggestion was that organizers should be done away with altogether. The final result, however, was that the matter was left to the discretion of the executive, it being empowered to take whatever action might be deemed wise and expedient.

In convention the work of the delegates in committee of the whole was briefly considered, and some of the proposed amendments to the laws knocked out. One of those killed was the proposal to make it necessary for the High Court medical examiner to reside at the place of the head office of the court.

The principal officers elected were: S. H. Kent, Hamilton, High Chief Ranger.

H. J. Boyd, Winnipeg, High Sub-Chief Ranger.

Dr. L. Secord, Brantford, Medical Examiner.

H. E. Griffith, Toronto, treasurer.

W. H. Benson, of Chatham, Senior Woodward.

W. Mills, Ingersoll, Junior Beadle.

L. Heyd, Brantford, solicitor.

W. Williams, Permanent Secretary.

After putting in a busy day, the delegates got through at 6 p. m. and adjourned. It was decided to meet in Peterboro in 1903.

**Pimples and Stitches**

How unsightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can bring about the most improved condition by using Ferrone's. Pimples are driven out of the blood, organs grow stronger, the blood richer, the nerves stronger. Pimples and blotches disappear, and skin becomes glossy. Glad just try and see how much joy can be gotten out of a box of Ferrone's. Sold by McCall & Co.
