STR. TUTTLE HAS ESCAPED.

Tug Violated Rules to Aid and Facts Will Be Investigated.

Amherstburg, Aug. 15.—The steamer H. B. Tuttle, seized here by order of the maritime court, Saturday went aground when rounding to after being detained for six hours was released from the bank by the tug Home Reef after two hours work, and left at midnight for Buffalo without permission of the authorities and without clearance from customs.

This is the first time in 25 years that any boat under seizure left this port without permission. The officers will investigate and report the facts to Ottawa and Toronto; as it is claimed the tug had no right to move the vessel without permission.

A Minister Deported.

Washington, Aug. 15.—Alfred Burleigh Hall, who was arrested at Ellis Island as he landed from England on the charge that he was attempting to enter the country in violation of the immigration laws, Saturday was ordered by the immigration authorities to be deported.

It was alleged that he had been convicted in Great Britain of a crime involving moral turpitude. The enquiry developed the truthfulness of the allegations. Hall established the Church of St. Mary's in Brooklyn.

British Torpedo Boat Sunk.

London, Aug. 15.—The British torpedo boat destroyer Decoy sank on the Sicily Islands Saturday night as the result of a collision with another destroyer. The crew were saved.

No man can be provident of his time who is not prudent in the choice of his company.

CRUISER SUNK

Continued from 1st Page.

Admiral Togo's flagship, there were four officers and twenty-nine men killed; six officers and twenty-nine men severely wounded and four officers and twenty-nine men slightly wounded, while the armored cruiser Yakumo had one officer and eleven men killed and ten wounded, on board the armored cruiser Nishin seven officers and nine men were killed and two officers and fifteen men were wounded. Ten men were wounded on the torpedo boat destroyer Asagiri two men were killed.

"On board torpedo boat No. 22 one man was killed and eight others wounded."

The Imperial Prince Kwachō was hit in the region of the heart, but his wound is slight.

Tokio Rejoices.

Tokio, Aug. 15.—Flags are flying, lanterns are glimmering and cries of "Banzai" are ringing in the streets of Tokio in honor of victories gained at sea by Admiral Togo and Vice-Admiral Kamimura. The Russian squadron, which confronted Admiral Togo, refused battle. It was stronger than Admiral Togo's squadron in battleships and armored cruisers, and had it elected to fight the result might have altered the fortunes of war.

Only Four Left.

The best possible naval force that Russia can now concentrate at Vladivostok is four cruisers. In the light of Aug. 10 the squadron under Admiral Togo was practically uninvited. The battleship Mikasa suffered the most, but she continues on the fighting line. The cruisers Yakumo, Nishin and Kasuga also were hit, but temporary repairs already have been made and they are fully serviceable.

Admiral Withheld Killed.

St. Petersburg, Aug. 15.—Rear-Admiral Witthoft, who was in command of the Russian naval forces at Port Arthur, was killed during the engagement on Wednesday. The Emperor has received a telegram from Tsinchou, signed by Capt. Matousovitch, the rear-admiral's chief of staff, reporting that Witthoft met his death aboard the flagship Czarevitch. Both his legs were blown off. Capt. Wanoff of the Czarevitch, Commander Samoff and several officers were wounded. Several officers besides the rear-admiral also were killed. The battleship sustained severe damage. Her rudder was broken beyond hope of repair.

Five Badly Damaged.

Tokio, Aug. 15.—Admiral Togo reports that five Russian battleships appear to have been badly damaged in the engagement of Aug. 10. The Pobieda lost two masts and one of her heavy guns was disabled. The flagship Retvizan, which was hit several times at a distance of 3,500 yards, seems to have ascertained the greatest injury. The damage inflicted on the Russian cruisers was comparatively slight. The Bayan has not appeared since the engagement. The damage sustained by the Japanese vessels has been temporarily repaired.

Land Batteries Rule.

It is believed here that the Russians will not be able to repair the five battleships reported by Admiral Togo to have been damaged in the recent sea fighting at Port Arthur. The Japanese land batteries now commanding the entrance to the harbor could render this work impossible.

Novik Has Cleared.

Berlin, Aug. 15.—The Russian protected cruiser Novik left Tsinchou within the 24 hour limit, according to an official despatch. Several other vessels are still in the harbor in a disabled condition.

British Annex Bird's Island.

Kingston, Island of St. Vincent, B. W. I., Aug. 15.—The British cruiser Tribune, on August 11, landed a party, under command of Lieutenant Thelfallat Aves, on Bird's Island, 127 miles west of the north end of the Island of Dominica, and annexed it as a British possession. Guns were hauled through the surf and landed, the British flag was hoisted and a royal salute was fired. The Tribune left St
