THE COUNCIL MEETING.

The Council meeting last evening was conspicuous by its brevity. The aldermen sprang a real surprise upon their audience and the newspaper men when they adjourned shortly after ten o'clock.

There is no need of midnight sessions, and the aldermen would do well if they would repeat the performance of last evening, oftener than they have been wont to do in the past. Nothing is gained from long superfluous discussions and grand stand speeches. The Council is elected to do the business of the city in a business way.

Ald. Edmondson brought up a very important matter in the question of numbering of the houses. This is something which has been advocated many times in Chatham, but as yet nothing has apparently been accomplished. Ald. Edmondson will do well to keep this matter well before the attention of the Council until that body realizes thoroughly the need of such an improvement, and the necessity for immediate action.

If this project is carried through it will, without doubt, very materially assist H. S. Clements, M. P., in his efforts to secure a mail delivery. Mr. Clements has made a reputation for "getting things" for Kent, and in this movement the Council should strengthen his hands as much as it is possible for them to do.

With the numbering of the houses will, no doubt, come a new city directory. Anyone who ever has occasion to use the present directory knows how almost utterly useless it is.

The grant of \$10 to the Humane Officer was money wisely expended. Mr. McGregor has hitherto held this office, "without salary," and the good work he has done entitles him to more recognition from the city than a mere present of a uniform.

Mr. McGregor, while he has strictly enforced the law, has been remarkably lenient as far as Police Court prosecutions are concerned. Considering the fees which are due the informant from all cases where fines are imposed, Mr. McGregor has shown that he is not in the Humane business merely for the money he gets out of it.

Many of the spectators in the gallery expected to witness a lively row over the Grocers' Early Closing By-law. Ald. Stone, the father of the by-law amendment, evidently saw again which way the wind was blowing, however, and did not mention his by-law. When Ald. Austin did, a petition was presented by J. A. Wilson signed by a majority of the grocers asking that matters be left as they are at present. This knocks out Ald. Stone's petition, which he claimed was also signed by a majority.

This is purely a matter for the grocers to settle amongst themselves, and if they do not know themselves what they want, as sometimes seems evident, the Council should drop the matter until the grocers find out what they really do want.

If the Early Closing By-law is to be repealed, a meeting should be held with every grocer in the city present, and then let them thresh the matter out thoroughly and decide upon some unanimous line of action, then it will be time enough to go to the Council with petitions. As it is now the time of the aldermen is merely being wasted and the grocers are not getting any closer to definite understanding.

COUNTY COUNCILS.

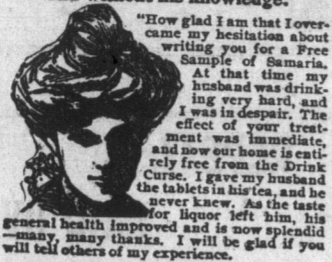

Mr. Whitney's desire to carry out his pre-election pledges is truly affecting. He had better let the county councils act alone, however, for he was elected, not because of his promise to go back to the old system, but in spite of it.—Toronto Globe.

It is amazing that a journal of the standing of the Toronto Globe can see but two systems for electing county councillors—the present system and the old system. There is not the slightest necessity for keeping the one or returning to the other. The best feature of the new system—the reduction of the number of councillors, can be had in a council composed of reeves only. If Mr. Whitney desires to please the people of the rural districts he will make a change. The only persons who are in favor of retaining the present system are the present councillors, and the reason for their preference is an exceedingly good reason why the ratepayers should want a change.

For the first eighteen months of his services as councillor the aver-

S. F. GARDNER, Branch Manager. age man feels no restraint. He expects to be able to square himself with his constituents in the last half year, and before that he is prone to do business which his constituents would not approve of.

In some parts of the country where the double 'vote' may enable the minority to elect a Tory or Grit where a Tory or Grit could not be elected by the single 'vote' system, there may be some preference for the present system; but so far as the things balance themselves, and neither party benefits, as a party.

In this part of the province the new system is unpopular, and Mr. Whitney cannot wipe it out too soon.—Hamilton Spectator.

INTERESTING SERMON

"The Wickedest Woman in the World" was the subject of the sermon preached by Rev. J. W. Hoyt in the William St. Baptist Church last night. The church was crowded with people, who had come to hear the last sermon of the series on Women of the Bible.

If the large attendance at the evening services during the preaching of this series is any indication, the sermons have been very popular, and those who have listened to them have found them very interesting. The series has been made up of character sketches of women of note in the Bible records and many useful and practical lessons have been drawn from the lives of these women. Last night the sermon was on Jezebel, the wife of King Ahab.

Some of the lessons emphasized by the preacher were these:—That there is no excuse for sinning and that sin never fails to bring punishment. Several candidates were baptized at the close of the service.

Mrs. J. E. Oldershaw sang with telling effect, "The Pilot Song," the song which Chas. Butler has so popularized. In the Torrey-Alexander meetings in Toronto.

Mr. Hoyt announced that he would begin a new series of sermons next Sunday evening, the theme being "A Story of Wasted Years."

THAT PALE, TIRED GIRL.

She is in society, in business, at home, everywhere you see her, but always worn and fatigued. She has not heard of Ferrozone or she would be perfectly well. How quickly it strengthens! The nutrient contained in Ferrozone puts strength into anybody. Laughing eyes, rosy lips, and bright, quick movements all tell of the vitality Ferrozone produces. Thousands of attractive, happy women use Ferrozone—why not you? A box of fifty chocolate-coated tablets costs fifty cents at any drug store.

FORCE OF HABIT.

Grandpa's shoes and a Little Sermon For Girls and Boys. Ned was watching grandpa put on his shoes. "Why do you turn 'em over to shake 'em before you put 'em on?" he asked.

"Did I?" said grandpa. "Why, yes, you did; but I didn't see anything come out. I have to shake the sand out of my shoes most every morning."

Grandpa laughed. "I didn't notice that I shook my shoes, Ned, but I got time before putting them on when I was in India."

"Why did you do it there?" "To shake out scorpions or centipedes or other vermin that might be hidden in them."

"But you don't need to do it here, for we don't have such things." "I know; but I formed the habit, and now I do it without thinking."

"Habit is a queer thing isn't it?" said Ned.

"It's a very strong thing," said grandpa. "Remember that, my boy. A habit is a chain that grows stronger every day, and it seems as if a bad habit grows stronger faster than a good one. If you want to have good habits when you are old, form them while you are young and let them be growing strong all the while you live."—Mayflower.

AL. H. WILSON (HETZ). That popular young German dialect comedian and singer, Al. H. Wilson, (Metz), in a new rollicking comedy, entitled, "The German Gipsy," is to be the attraction of the Grand on Saturday, March 10th.

The title role is a young German, (Metz), a poor rover, whose poverty is not his misfortune, but his ambition. This is a very enjoyable type of comedy, peculiarly adaptable to Mr. Wilson's great talents, even more happily than his former successes.

The stage pictures required are exceedingly elaborate and massive, which, together with the costumes, furniture, properties, electrical effects and color schemes, mark a memorable event in this modern day of realism.

During the action of the play Mr. Wilson will sing a number of new songs. Date for Chatham, March 10.

The girl is the mother of the woman just as "the boy is the father of the man." The period when the womanly functions begin to be carefully watched and considered. Irregularity or derangement at this time may be promptly met and cured by the use of Dr. Pierce's Favorite Prescription. But neglected at this critical period may entail years of future suffering. "Favorite Prescription" acts directly upon the womanly organs giving them perfect vigor and abundant vitality. It removes the obstructions to health and from the cruel bondage of "female weakness."

You pay the postage. Dr. Pierce gives you the book. The People's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamp to defray cost of mailing and customs. Childless Men and Women. There are parts of the world where girl babies are drownd like superfluous kittens and others in which it is not uncommon for the daughters in the large families of the poor to be sold by their parents into lives of prostitution.

On the other hand, the pages of history are filled with examples of the devoted lives of childless men and women who have worked unselfishly for the good of their kind. Bachelors and virgins have been the salts of the world, and the childless are the philanthropists, the founders of colleges, hospitals, art collections and libraries, the philosophers, the great writers, leaders and thinkers of the race. Plato, Joan of Arc, Savonarola, George Washington, David Hume, Locke, Spinoza, Thomas Carlyle, Florence Nightingale, Ruskin and Herbert Spencer are only a few of the great names in this class. An interesting volume could be written on the indebtedness of the world to childless men and women.

The man who is always on time generally has to wait for the other fellow.
