Notes and Comments.

A daily aerial mail service is now in operation between Paris and London because of the British railway strike, which has interrupted mails to and from the continent.

Field Marshal Haig's automobile, used by him on the Western Front, has been sold at auction for \$18,000. The car was a Rolls Royce Phantom limousine with Barker body.

Authoritative denial has been given by Hon. C. J. Doherty, Acting Premier, to the report current throughout Canada that General Sir Arthur Currie had been or would be given a grant of half a million dollars in recognition of his services overseas.

All will hope the doctors are right in saying that we are not likely to have a return of the influenza. But, as the Boston Transcript says, it will be no serious reflection on our faith in them if we keep our feet dry and look after our health generally.

The announcement that 'national' clothing is to be put on sale in France, to reduce the cost of living is not more interesting than the statement that the cloth is to come from the reconstructed mills at Roubaix, in the invaded district, near the Belgian border. France is recovering.

An official return just issued shows that British war-ships lost during the war number 254, including thirteen battleships, three battle cruisers, six light cruisers, sixty-four destroyers and fifty-four submarines. Auxiliaries lost during the war totalled 815, including 244 colliers and 249 trawlers.

The apple movement over the Dominion Atlantic Railway is very heavy at present. Solid trains out to Halifax and Truro, at all hours, day and night. The business is being handled with expediency, thus enabling the shipments to reach their destination in good time. The apple crop this year is large and of good quality. Plums are not so plentiful. Pears are very abundant.

Charles M. Schwab, the late Sir Cecil Spring-Rice, former British ambassador to the United States; Lord Fisher, of the British admiralty; the late Lord Kitchener, and the British vice consul at Ensenada, Mexico, were marked for assassination by agents of the German government, according to sworn testimony given by former First Lieutenant Wilhelm von Brincken, formerly military attaché of the German consulate in San Francisco, to Commissioner of Immigration Henry White, of Seattle, Washington.

It is going to be almost as hard to get out of as to get into the United States hereafter. The inland Revenue authorities have issued a new regulation that Americans going abroad must pay their income taxes before they will be permitted to leave the country. In the case of aliens this includes all income tax obligations up to and including the month preceding their departure. In the case of American citizens they must have paid all installments of the income tax due up to the time of sailing and have made arrangements for the payment of future installments as they fall due. The way of the 'tax-dodger' will not be easy. There will be a toll-taker at every shipping pier.

Profiteers in London, at least some of them, are getting their desserts. A baker was fined \$500 for exposing for sale thirty-four loaves of bread, each two ounces less than the regulation weight. A butcher was fined \$100 for selling imported mutton at the home kind price and making an over-charge of eight cents on four lamb chops. A saloonkeeper was fined \$15 and \$10 cost because his barmaid charged thirty cents instead of twenty-six cents for two large glasses of stout. The recent slight fall in prices is largely due to a clever journalist writing an article in his paper which other papers copied, saying prices were down. The public went forth after reading this all over the City and demanded reductions which the merchants had to grant.

Song Recital by Miss Curry.

(The Yorkton, Sask., Press.) A most enjoyable Song Recital was given in the Town Hall on Thursday evening last by Miss Eunice Davison Curry, recently appointed choir leader of St. Andrew's Presbyterian church.

Miss Curry is the possessor of a rich mezzo-soprano voice of good range and sweetness, a voice which shows long and careful training, her enunciation being particularly clear and distinct.

Her program consisted of a varied and well-chosen number of songs by good composers, particularly well suited to her voice and to all of which she had to respond to entreaties.

Where every song was so well and pleasingly rendered by Miss Curry, it is difficult to single out any one song for special mention but the manner in which she rendered the difficult number 'How wonderful it must be' by Ries calls for special praise as does also Foote's setting of that old Scotch favorite 'I'm wearin' aw'.

The 'Lullaby' by Hanscom with violin obligato by Mrs. B. W. Wallace and the encore number were also very pleasingly rendered especially the latter which appeal-

ed very much to the audience. Miss Curry is a young lady with a good stage appearance, who will certainly be an acquisition in the musical world of Yorkton.

The accompaniments were very ably and sympathetically played by Miss Edna Schramm assisted by Miss Gertrude Guthwaite.

The citizens of Truro have decided to borrow \$50,000 on their electric light plant.

Price of Bacon Ordered Cut Down in Canada.

Toronto, Sept. 29—Definite action to reduce the price of Bacon and other products of the hog, was taken today by the Board of Commerce at present sitting here, when an order was issued that from October 15th next, pork and hog produce sold for consumption in Canada by the Canadian packing houses and other producers, shall be sold at prices practically the same as those which prevailed on March 10 of this year.

The Board further orders that the prices of such products shall be still further reduced if conditions warrant it and an intimation is given that they will keep the industry under close surveillance to make further orders along this line, if found necessary.

It is better to be everything to somebody than something to everybody.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000 for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster

Other disbursements were not strictly speaking expenditures, but National Re-investments

To Great Britain for example:

\$173,500,000 was loaned for the purchase of our wheat and cereals

\$9,000,000 for our fish

\$30,000,000 for other Foodstuffs

\$2,900,000 for Canadian built ships

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products

The Re-investments will be paid back to Canada in due time, with interest

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.
