## E. R. BOLLERT, J. B. WILLIAMSON. GEO. WILLIAMS Preparation for the Provincial.

Owing to the very large importation which we are making this Fall, partly on account of the Provincial Exhibition, but more particularly on account of our large and ever increasing trade, it is necessary that we should bring our stock down to the lowest possible amount, as we would other wise, notwithstanding the immense capacity of our establishment, not be able to accommodate them. For this purpose we have gone carefully through our Stock, and have arranged to place our Goodsbefore the public at such figures as the like has not been heard of since Guelph was.

We find it necessary from time to time white Special Bargains our neighbors are decreasing their staff of hands to keep augmenting ours, and we have much pleasure in informing the public that Mr. Wm Knowles, so long and favorably known in Guelph and surrounding country, and who has been with John Hogg & Son for the last nine years, is nov in our employ.
