LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Owen Sound, Ont.—"I suffered for ten years with female organic trouble, neuralgia and indigestion, and was weak and had such bad pains I could hardly walk or stand up at times. When I would sweep I would have to go down. I could not sleep at night, and would wander around the house half the time. I tried everything but nothing did me any good, and the last doctor I had told me he never expected me to be on my feet again or able to do a day's work. One day one of your little books was left at my door and my husband said I should try a bottle of Lydia E. Pinkham's Vegetable Compound. I thank God I did, for it relieved me, and I am now well and strong. I think there is no remedy like the Vegetable Compound for anyone who has my troubles, and have recommended it to my neighbors. You can publish my letter for the benefit of those I can't reach."

ARROSTOOK COUNTY PEOPLE LOST IN WOODS

Miss Verda Brewer, 18 years old, but small of her age, clad only in thin clothing, on Saturday started from the home of her mother, Mrs. Anna Craig, Houlton, to walk to the home of her grandfather Brewer who lives in Cary, 12 miles away. During the last four miles of her journey she got lost in the woods. She was out all night and was not found till a boy discovered her late Sunday afternoon. She was taken to the Arrostock Hospital. Both hands and feet had been frozen, and she had suffered terribly. It is thought she will recover.

Leland Tozier, 18 years old, son of Richard Tozier of South Carolina, who with his mother had been visiting friends in Presque Isle since last spring, was lost Thursday while hunting the woods at burnt lands with two other boys. Search was made all day Friday for him, the fire alarm was rung, and three well-equipped parties started for him. Saturday noon word was received that a boy had been found near Boone's camp, Mrs. Hill. He was very weak, having been without food from Thursday morning till Saturday noon, and his feet were severely frozen. He was also frozen in various other places. He was taken to the hospital in Mars Hill. It is thought he may get upon his feet again in three or four months. If the weather had been cold, of course he would have frozen to death.

AN INCIDENT OF RUM RUNNING

A rum running incident that has amusing features happened on Saturday night at the "Inns." Fifteen cases of whiskey and one case of gin had been sold by a Woodstock party to a Houlton "dealer." A lively team had been hired apparently to take it over. One half of the goods was transferred to the Houlton team when the driver whipped up his horses and started at break neck speed for Houlton. The owner of the liquor ran after the team and then the other man started in another direction for Houlton with the balance of the load. Both teams got away and the disconsolate owner had to return on foot to Woodstock. It is said the liquor had been sold for \$75 a case. The stable team was sent back on Sunday.

COMPLIMENT FOR CALDWELL

Reports from Carleton-Victoria are to the effect that Thomas Caldwell, the candidate of the Progressives, is conducting a vigorous campaign and his chances of winning out over the redoubtable, B. Frank Smith are improving daily. Mr. Caldwell, who won an amazing victory in a by-election in 1919, sat in Parliament for two sessions and undoubtedly proved himself an excellent representative. He was not often heard in debate, but when he did speak the House usually sat up and took notice. One of Mr. Caldwell's speeches attracted the attention of the Toronto Saturday Night which reproduced it in its columns, a compliment it does not very often pay to a public man.—Mail.

NOT FINED FOR

SHOOTING MOOSE

The heading of an article reprinted in these columns last week from the Fredericton Mail was misleading and unjust to Elias Crabb and Vernon Shaw, who, it stated, were convicted of killing a cow moose and her calf. This charge was not proved, but the two were convicted and fined for hunting in close season.
