NEWCASTLE, JUNE 24, 1903.

TABUSINTAC.
TABUSINTAC, June 15.—A very interesting session was presided on Sunday by Rev. Mr. McNair, who, owing to the distance, had to travel by rail, and the congregation was somewhat smaller than usual.

All were pleased to see Miss Minnie Savoy, who spent the winter months in Boston, and is now home.

One of Messrs. Anderson's steamers was delayed at the wharf here for a day, owing to an accident to the boiler.

Mrs. Clara Savoy spent Sunday afternoon with her friends, Mrs. Mary McNair, Mrs. John T. and her sister, Miss Nan Thibault, who came to Chatham on Tuesday.

Mr. E. P. Robichaud of Tabusintac is now engaged in driving the mail between Chatham and Tabusintac.

We are glad to see Mr. James Hartley, who has taken up an agency for books, making such good success.

Mr. Sandy McNair, who is employed with Mr. McNair at Tabusintac, is home, owing to a sore foot.

The teachers and pupils are busy preparing for the examinations, which will take place in a short while.

Mrs. Mary A. Lee, of Lunenburg, spent Sunday at her home here.

Miss George Young was the guest of Miss Lucy Ross on Saturday.

Messrs. Alfred Ross and William Morrison, of Oak Point, wheeled to Tabusintac on Saturday evening, and spent Sunday with friends here.

Mrs. M. C. Gibson was the guest of Mrs. M. A. McNair on Thursday.

Miss Maggie Savoy of this place spent Sunday with her mother, Mrs. D. Savoy.

Owing to the recent rains the crops and gardens are promising an abundant supply for autumn.

Tabusintac is still in the same place—World.

Bathurst.
Since last writing, Mr. James Howell has commenced the erection of a fair sized dwelling on King Street.

Mr. John P. Legere is framing his large building on Water Street.

Holdenraber & Rosenberg are about completing the interior of their fine new store and R. D. Southwood is pushing the work on his new building on Water Street.

The merchants report good trade at present, there being considerable money in circulation, and generally speaking, Bathurst has nothing to complain of this summer as regards business.

A large steamer is loading for Harris, Robinson & Co., from several lots of lumber which were purchased by Mr. F. E. Neale, in the earlier part of the season, and the mill is all sawing full time.

A man named McArthur—working at carpenter work in Holdenraber & Rosenberg's new store—had his leg broken by the falling of a staging on Thursday last, and some of the other men working on the staging had narrow escapes.

Mr. E. J. Stewart, who has been seriously ill, is reported as being slightly improved as we write, and his many friends anxiously hope for his recovery.

PERSONAL.

The family of Mr. W. J. Draper, who is taking several weeks' holiday in Bathurst for his health, have joined him and are boarding with Mrs. Rogers on Water Street.

Mrs. Evans and her daughter, Violet of Montreal, are visiting Mrs. Evans' people, Mr. and Mrs. Samuel Bishop. We understand Mr. Evans will join them later on.

Mrs. Herman Weiss, (nee Miss Minnie Burns) of Liverpool, England, accompanied by her little daughter is visiting her sisters, the Misses Burns.

Miss McDade, daughter of Michael McDade of St. John, is visiting Mrs. T. E. Burns.

Mr. and Mrs. Philip Rive and Miss Dwyer of Carleton Place, spent a day or two in their Bathurst residence last week, en route for Rupert River who returned from St. Joseph's College, Moncton.

Mr. and Mrs. George Warren, of Sussex, are visiting Mr. and Mrs. McNair.

Mr. Gibson of the Bank of Montreal, Chatham, spent Sunday in Bathurst.

Miss Benson of Chatham, is visiting Mrs. D. J. Johnson.

When the trolley car first appeared down South, the nigger said: "Days great people, dese Yanks; first dey comes down here and frees de nigger, den dey comes down here and frees de mule."

A lean old mule was grazing by the roadside, and he opened his mouth and said: "Dey didn't free the mule, they only put him out of a job."

The nigger scratched his head. Bess, dat's de same wif me, he said.

Gray?

"My hair was falling out, and turning gray very fast. But your Hair Vigor stopped the falling and restored the natural color."—Mrs. E. Z. Benommo, Cohoes, N. Y.

It's impossible for you not to look old, with the color of seventy years in your hair! Perhaps you are seventy, and you like your gray hair! If not, use Ayer's Hair Vigor. In less than a month your gray hair will have all the dark, rich color of youth.

\$1.00 a bottle. All druggists.

Good Times at Port Hood.

Output of Coal at That Port Considerably Enlarged.

Mr. HENRY G. BAULD, of Bauld Bros. and Co., has just returned from a business trip to Cape Breton. Mr. Bauld visited Sydney, Port Hood and other points en route, and says that to the casual observer, general trade seems to be about as brisk as at this date last year. He spent three days at the Port Hood coal mines in which he is a large share holder, and reports the outlook favorable for an increased output of these mines during the present season. During the present month over ten thousand tons of Port Hood coal will be raised and in July an output of twelve to fifteen thousand tons is anticipated. Between the tenth of May and the first of June, six steamers have taken coal at Port Hood and more are coming every week. Some of these have gone up the St. Lawrence River other as far south as Portland, Maine, the balance to provincial ports and the sister colony of Newfoundland.

To market Port Hood coal now a days gives us little concern, said Mr. Bauld. Our chief worry is to increase the output as fast as the coal can be sold. If by good luck we could produce fifty thousand tons a month from now until the close of navigation, I believe we could easily sell every pound of it. We were unfortunate in having some labor trouble a few days ago but this was arranged by a conference of all parties interested. The labor problem is a danger that confronts every industry in this country at the present, and just how it will be solved no man can tell. I think it should be the ambition of every employer to pay a just and reasonable wage but when labor become so exacting that it demands more than its rightful share of profits it has a tendency to handicap legitimate industry. If the Port Hood mines produce the quantity of coal anticipated during the present summer it will mean large distribution of money throughout that portion of the province, and we will hope, in the interest of all concerned that no disturbing element may arise to interfere with such a disbursement.

The fishing industry at Port Hood seems to have been successful this spring. I was told of two lobster fishermen who had made \$50.00 from one day's work. Of course this was an exceptional catch but it shows the possibilities of the industry this spring.—The Maritime Merchant.

GRAY RAPIDS.

Our school has been closed for two months on account of our teachers' health.

Farmers say that the crops are going to be a great success.

John McDonald is adding a kitchen to his house.

Mrs. Alexander Curtis was the guest of Mrs. James Astle Thursday. We are glad to say Mrs. Peter Astle is recovering from a long and painful illness.

Bark is in good demand, or seems to be for there is a number of men just ready to start to the bark woods.

Mr. Michael Lynch has started to dig a well. He struck a hard pan of rock and will have to get a drill before he can get to good water.

Mr. Daniel Sullivan intends building a new house.

It is by presence of mind in untied emergencies that the native metal of a man is tested.

Hump Back

SCOTT'S EMULSION won't make a hump back straight, neither will it make a short leg long, but it feeds soft bone and builds diseased bone and is among the few genuine means of recovery in rickets and bone consumption.

Send for free sample.

SCOTT & BOWNE, Chemists, Toronto, and all druggists.

JANEVILLE.

We are having some fine weather at present. During the past week we had some pleasant showers which would do a world of good to the crops through out the country which were beginning to hunger for rain. The change in the weather is worth a great deal to the farmers along here who are looking for better crops than last year when too much rain fell during the months of June and July.

P. G. Mahoney has commenced to load some of the lumber which he had sawed last winter. He has several million of deal at Janville shing sawed last winter and spring. The fires in the sawdust are causing him some trouble as it is very hard to put the fire out and it is liable to break out at any time. He has had several men watching all spring.

Wm. O'Brien has finished the season's cut in Janville and is preparing to move the mill to Lunenburg where he has about five months' sawing, the greater part of which is the lumber for the Carleton bridge water. The mill and crowd will be much missed around this vicinity.

Chapman Bros. are also expecting to finish sawing in about a week when they will remove their mill to Piquetville where they have several months' sawing.

Salmon are very scarce along here this year and are not at all paying the expenses of the nets. It is too bad that something cannot be done to revive the salmon fishing which is steadily decreasing year by year along this shore.

Messrs. Morley and Henry Roy spent a few days of last week among friends and relatives in Janville.

H. A. Caie spent last Thursday in Bathurst.

We are pleased to welcome back again one of our old friends, Mrs. J. Flowers and son of New Carlisle, who is visiting her mother, Mrs. Wm. Ellis of this place.

Quite a large dance was given at the home of Mr. Walter Glendening, of Canobie, on Tuesday night. A very large crowd attended and a fine pleasant time was spent until early in the morning.

Messrs. J. W. Miller and Byron Call of Miramichi, passed through here two weeks ago on their new automobile which is quite a curiosity in this part of the country.

Mr. A. C. Redden and three daughters, who gave a musical concert in the school house here recently, spent a few days fishing in Tagues River. They were very successful, having caught one hundred and thirty trout.

Quite a large number of deer have been seen around here this summer, they appear to be very plentiful.

Large quantities of codfish are being caught in the salmon nets this spring. It appears that as other fish decrease, codfish get more and more plentiful each year.

Mr. Richard Daley left last week on a trip to Rockport and other places.

We are pleased to see that Mr. James Morrison who got his foot badly crushed in the log yard at Chapman's mill, is able to be around again.

P. G. Mahoney visited Janville several times during the past week.

DOAKTON.

June 15th, 1903.—Mr. S. Betts and others are away to the Little South West searching for the remains of Alfred McKinnon, the young man who was drowned in that stream last May. Mr. McKinnon was insured in the New York Life for one thousand dollars in favor of Mrs. S. Betts.

We are having some fine rains now which are a great benefit to the crops and stop the forest fires.

Edgar Betts is building a barn. The Board of Education has called for more school room here and a new school room is spoken of.

Mr. and Mrs. P. Hovey of Ladlow are visiting at the Aberdeen Hotel.

Mrs. W. Parker of Houlton, Me., is visiting friends here.

Mr. M. Murray and Mr. M. McLaughlin of Blackville were in town on Saturday.

Mr. Y. Mitchell is building a piece to his house.

Mrs. S. Betts, who has been visiting her parents in Blissfield, returned home on Sunday.

LOST.

Between Chatham Ferry and Richard Quigley's, Bartibogue, a pocketbook containing some money. The finder will be suitably rewarded by leaving it at Miller's Foundry, Chatham, or Advocate Office, Newcastle.

Thos. W. Butler.

Attorney and Barrister, at law, Solicitor in Equity, Notary Public, etc. Fire, Life and Accident Insurance. Office in Brick Block opposite public square, Newcastle, N. B. Office hours—9 a. m. to 4 p. m.

M. for the purpose of performing annual training in camp at Newcastle, N. B.

2. Drivers and others wishing to furnish horses will make application with the office commander prior to Thursday 25th inst.

3. Clothing and accoutrement will be issued at once.

By order
R. L. MALTBY, LT. COL.
Commanding 12th, F. B. C. A.

The main points of a Carriage can hardly be treated in an issue or two. Our idea is to impress upon you the necessity of examining several parts which go toward the "making" or "unmaking" of the work.

SPRINGS for instance.

Now, many builders, to reduce the cost of "too many styles," get their end or side springs, (as the case may be) all a certain size and style. Notwithstanding the fact that although the body may admit of using the same spring on many styles, the buggy may be used for very different purposes. Every carriage we build has a spring to suit its use. Our guarantee is in effect to protect against inferior Material or Workmanship, at Any Time.

THE GENUINE

McLaughlin Carriages and Buggies.

I have in stock and for sale the famous McLaughlin buggies which took the gold medal at the Paris Exhibition, and the highest honors at the Toronto Exhibition last year, where the complete exhibit was sold at the close of the Exhibition.

Second-hand wagons, cattle, country produce, etc. taken in exchange. I have also in stock LIGHT AND HEAVY HARNESS, SEWING MACHINES, Etc.

TERMS EASY. PRICES RIGHT.

W. W. MITCHELL,

Old Robinson Stand, Pleasant Street, Newcastle, N. B.

Notice

All persons indebted to the undersigned are requested to settle their accounts within 30 days or they will be handed to a lawyer for collection.

T. J. JOHNSON, Redbank June 3rd 1903. 3w. pl.

To Girls And Boys.

For The Neatest and Best Written Copies of TIGER TEA

LETTER As Below, We Will Award Prizes As Follows:

2 First Neatest and Best Written Tiger Tea Letters, \$ 20 each—\$ 40

6 Next Neatest and Best Written Tiger Tea Letters, \$ 10 each—\$ 60

20 Next Neatest and Best Written Tiger Tea Letters, \$ 5 each—\$ 100

100 Next Neatest and Best Written Tiger Tea Letters, a Silver Tea Set, valued at \$ 4 each—\$ 400

300 Next Neatest and Best Written Letters, a suitable gift for Xmas, valued at \$ 1—\$ 300

428 Prizes, valued at \$900

CONDITIONS OF COMPETITION

1st. Any boy or girl of sixteen years of age can compete by writing a copy of the Tiger Tea letter as below.

2nd. Each letter must be accompanied by 12 of the square cards found inside the 1lb. and ½ lb. packages of blue and white labelled Tiger Tea.

3rd. Award of Prizes will be given December 1st, 1903, by Mr. S. L. Kerr of St. John Business College. Letters must be sent to us by November 1st, 1903.

4th. Neatness and style of writing, and age of child, will be considered in awarding the prizes.

W. F. HATHEWAY & CO., St. John, N. B. (Canada), Nos. 15, 16, 17, 18, South Wharf

Messrs. W. F. HATHEWAY & CO., Blenders and Packers of Tiger Tea Ceylon Teas.

DEAR SIRS: Our choice at home of Tiger Tea is grade at c. per lb. It is true that the tiny dried, which Tiger Tea gives it that fine delicate flavor. We used to drink china teas ago, but prefer the Tiger Tea in 1lb. packets, as it looks cleaner, and because Tiger Teas are prepared and packed by machinery instead of by the nasty, sweaty hand treatment as in China. The pretty blue and white label is enough to make one wish to taste a cup of Tiger Tea. The Tiger Tea paw on the label show how strong the Tiger Tea is.

I am very glad to send you this letter about Tiger Tea, and if you wish I might send a sketch of a tiger which would perhaps be finer than the tiger on your label. The rich cherry color of Tiger Tea pleases everyone, and I hope that you will always keep the quality of it as good as it is now. I enclose the 12 cards required and tell you truly this is my own hand writing.

Every Canadian should buy a 1 lb. packet of tiger tea for besides the good quality, we know that the work of blending, labelling, boxing, packing, etc., is all done by Canadians in St. John.

My age is ; my last school teacher was

Hoping that this letter will win a Tiger Tea prize,

I am respectfully yours,

Be sure and sign letter, giving full address.
