Art School. Art School.

A very quiet, but pretty, weda ding took place on Wednesday last at the home of Mrs. Zingsheim. John street north, when James Wood was married to Mrs. Hattie Cross. The happy couple left on the 6.15 p. m. train for Buffalo. where they will reside. The ceremony was performed by Rev. G. K. B. Adams.

—The funeral of the late Mrs.

The funeral of the late Mr. Stephen Walsh, Mary street north, took place this morning, and was largely attended. At St. Mary's Canargely attended. At St. Mary's Ca-thedral high mass was celebrated by Rev. Father Walter. Rev. Father Donovan officiated at the grave. The pail-bearers were, David, John and Edward Walsh, brothers; Jas. Kee-gan, brother-in-law; Jas. and Pat-rick Wickham.

A Special Bargain Day at the G. W.

Robinson Co's. This firm has decided to make next Tuesday a special bargain day on account of Monday being Dominion Day They will start the ball rolling by They will start the ball rolling by selling good, clear drinking glasses for 1c each, kitchen chairs for 25c each, boys' blouses for 29c. Hundreds of other bargains equally cheap. Their advertisement will appear in Monday's paper. day's paper.

Lost Everything. Lost Everything.

Yesterday afternoon, at Mount
Hope, a frame house owned by Allan Young, was destroyed by fire.
The tenant, James Wilson, lost all
his furniture, even to a new cook
stove, purchased a few days ago,
and a large quantity of provisions.
Mr. Wilson and family were rendered almost destitute by the fire.
Kind neighbors are looking after the Kind neighbors are looking after the The fire was caused by a spark from the chimsey.

Kraft's Trunks and Valises. Mr. E. Kraft, No. 92 King street west, who enjoys the distinction of winning many medals; awarded by judges on two continents, for displays of harness, trunks, etc., has an adver-tisement elsewhere in this issue which ummer tourists should read. His bureau trunk, an ingenious device of his own invention, fills a long-felt want. Travelling bags and suite cases are shown in great variety, and an invitation to call and inspect is extended.

Gift to Lady Laurier. Gift to Lady Laurier.

It may interest our readers to know that the beautiful boudoir grand plano that delighted our music students at so many recitals lately is the same scale as was selected by the citizens of Quebec as a gift to Lady Laurier. Lovers of music are invited to call at Gourlay, Winter & Leeming's warerooms, 66 King street west, and inspect the resources of this superior instrument.

Kerr's July Sale. Kerr's July Sale.

A. R. Kerr & Co. will begin a July clearing sale of all summer goods when genuine reductions will be given. Wash goods, crash and pique skirts, shirt waists and suits will suffer most, as the cut on them is deep and lasting, many of them nearly cut in two. Sale begins on Tuesday next, July Brd, at 9 a.m.

Skirts Made for Nothing. We have greatly increased our staff of dressmakers, and for the next two weeks your dress goods will be made into skirts free of charge. We positively guarantee satisfaction, and quick delivery. Money back if you want it. Webber Bros., 40 King street west.

street west. A 3 Stone Ring for \$4.

## HAVE RUN ECONOMICALLY.

Half-Yearly Report of Operation at Disposal Works.

THE LOWEST SEWER TENDERS.

Figured out by the Secretary of the committee the following tenders for pipe sewers, opened by the committee last night, have been found to be the lowest, and their acceptance will be recommended to the council:

J. J. Armstrong—Maria street, from James to Hughson, 95c per lineal foot; Park street, Bold to Robinson, 76c: Young street, Ferguson

lineal foot; Park street. Bold to Rob-inson, 76c; Young street, Ferguson ave, to Catharine, 35c; Kent street, Hannah to Stanley ave., 72c. J. H. McKnight—Hess street, Napier to Jackson, 63c per lineal foot. David Newlands—Jackson street, Walnut to Ferguson ave., 33c per lineal foot; Rebecca street, Cathar, ine to Mary, 37c; Jackson street, Sorline to Wellington, 34c.

lineal foot; Rebecca street, Catharine to Mary, 37c; Jackson street, Spring to Wellington, 34c.
Joseph Kent — Main street, Park to Charles, 39c per lineal foot; Wood street, James to MacNab, 90c; Inchbury street, Florence to line of Barton street, produced and thence to Locke, 38c.

Mr. Barrow, manager of the sewage disposal works, has prepared a report on the half year's work of the two interceptors. The operating expenses to the end of June amoounted to \$5.975.28, out of an appropriation of \$6,750, leaving a balance of \$774.28. There has been spent on improvements to the works \$204.15, and on the reconstruction of the Hildyard street sewer \$434.48. The improvements include new floor of cement in sludge room; pipes connecting lime tank and sludge well; new welrs with screw gearings; thrust bearing on engine at Ferguson avenue works; cinder path; cement pavement and curbing at Ferguson. pavement and curbing at Ferguson avenue works, flowers, plants, etc.

avenue works, 1 Mr. Barrow adds Mr. Barrow adds:
I have prepared a plan, now submitted, which provides for disposing of
the whole of our city sewage. There
will be three districts, which are clearwill be three districts, which are cleary defined on the plan. The sewage from the west end district can be run on the beds by gravitation. I favor the bacterial filter bed system, because of the comparatively small cost of running. The Asylum sewage from over 1,000 people is sent into this district, and therefore causes a great deal of the nuisance at the outlet. I am of opinion, therefore, that the Ontario Government should be asked to contribute both to the cost of construction and maintenance of these proposed works,

During the four or five months that During the four or five months that measles held sway among the children of Hamilton there were reported to the Health Department 3,026 cases. This week only 10 cases were reported, besides 2 each of diphtheria and scarlet fever.

Up to closing time to-day the City Treasurer had issued less than 300 dog tags. The by-law requires that they be taken out on or before July 1st. Inspector Brick will get after the 1,700 delinquents as rapidly as become beginning part week. he can, beginning next week.

As no action was taken by the Fin ance Committee in regard to the trouble over the non-payment of the Street Railway Company's mileage and percentage for the first quarter of the year, and the consequent withholding of the cheque for street lighting, the matter may be brought up at the Council meeting on Tuesday evening.

Manager H. R. Leyden, of the Hamilton Electric Light and Cataract Power Company, has written to the City Clerk asking that the agreement for the lighting of Dundurn Park, be executed.

During June, 71 births, 50 deaths and 69 marriages were recorded at the City Hall.

Merchants and residents on King street west are up in arms about the dust. They have sent in a largely signed petition pointing out that their goods and household effects are being damaged, and asking for better street watering.

Gas and Electric Light.

To the Editor of the Times: To the Editor of the Times:

Sir,—I wish to say in reply to the letter from the Cataract Power Co. that, as I moved in the committee that the offers of the Gas Co. be accepted, I did so because they were in my opinion the fairest. I moved that the Gas Co's, offer be accepted at meter rates for No. 3 Police Station and not at the lump sum offered by the company, \$235, which the Cataract Co. stated had been accepted by the committee. The clerk figured that aract Co. stated had been accepted by the committee. The clerk figured that \$1\$ gas was cheaper than this offer; that being so, the cost would figure close to the offer of the Electric Co. This company also stated that there are 30 16-candle power lamps in the station, and made the cost \$129.60, As a matter of fact there are 42 such lamps, making the cost \$179.44. The committee thought in accepting the Gas Co's meter rates a contract would not be necessary, which is an advantage when you remember that last year the Council threw out a recommendation of the committee of the electric offer at 40 per cent. discount on their regular rates, because a contract for a number of years would put the city beyond the advantage of cheaper light, which when you consider the improvements which are always occurring, cheaper light was in the near future, and it is a fact that it is getting cheaper every year. I noticed that the Cataract Co. did not state anything about how their flat rate would affect the Citt Hall, where near future, and it is a fact that it is getting cheaper every year. I noticed that the Cataract Co. did not state anything about how their flat rate would affect the City Hall, where there are about 300 lights, which at their rate of 40 cents per month, with discount of 10 per cent. off, would cost \$1,080 yearly, or say even 250 lights, it would cost \$900 a year, twice as much as they now light the City Hall for under their ordinary rates. The Gas Co's. flat rate for the same building was \$235, and I moved that this offer be accepted, but it was defeated. But the Electric Co. considered it their public duty to notify the aldermen and the citizens how much they were losing by not accepting their flat rate offer for lighting buildings where a smaller number of lights were installed, which is misleading. I believe these buildings can be lit for less money by gas at \$1 a thousand feet than by electric light, and give a better light for the money, what with their patent burners, which they agree to supply free. Mr. Leyden's offer, after stating the flat rate, throws cold waten on it later this way: "We beg to point out to you that flat rates are usually advantageous only to customers who have a very small number of lights, with a large number of lights, with a large number of lights installed, such as you designate, flat rates are usually much more expensive than meter rates." You see he states himself that the city has a large number of lights installed, and a flat rate, which he quotes, would not pay the city, them he kicks when the city

takes him at his word and rejects his offer. The Gas Co. gave sums for the lighting of each building, and also quoted their meter rate. The Electric Co. put in a flat rate offer, which they say themselves is not advantageous to the city. I think I acted in the best interests of the city and on Mr. Leyden's own advice. Still he kicks. The Gas Co. did not kick when the city rejected gas for lighting the City Hall, and even ordered out their meters, and installed electricity, which amounted in 1896 to about \$235. After the company had gas no longer as a competitor in the City their meters, and installed electricity, which amounted in 1896 to about \$235. After the company had gas no longer as a competitor in the City Hall their bill jumped to about \$450, about which figure it still remains. Gas cost previously between \$250 and \$300 a year, and they now offer to do it for \$235. I think they have a right to be considered. They have big interests in the city, employ labor largely, not only in their works but on their mains throughout the city. If it was not for the Gas Co. and the Rogers Coal Co. few vessels would enter our harbor with coal. This industry employs much labor. The vessels have to be manned and the coal loaded, unloaded and teamed. I consider the gas light, with their patent burners, a good light, as good, if not better, than their 15 candle power lamp of the Cataract Co, and the gas rates are very low, and I think I done my duty to the city in giving a fair competitor a fair show.—Yours, M. D. Nelligan.

To-night's Bargains. Between 8 and 10 we will sell ladies' shirt waists, handkerchief trimmed, tucked, new cuffs, and front trimmed with Valenciennes lace in all the latest shades, also white waists with em-broidery insertions, regular \$1.75 to \$2.25, choice for \$1, and waists were \$1.25 and \$1.50, choice 69c. Ladies' \$1.25 and \$1.50, choice 69c. Laddes' trimmed summer hats, regular \$3.50 to \$4.50, for \$1.50; and hats, were \$5 to \$8, for \$2.95. Sallor hats, were \$1 to \$1.50, for 50c.
