

You may win a p Suppose your friend leb Wilson, on the sext concession, "pulled up" at your friend sets on the way back from marked and asked about that sets or harn foundation you built, you would be stad to tell him, wouldn't you? And it wouldn't take you nog, either, would it? And, as a marker of fact, you'd find as much pleasure telling him as be would in listening—isn't that right? This you would take him over to view the sile or barn founda-tion. Then you would start to describe it—its dimensions—the bind of aggregate used—the proportions of coment used—number of men employed—number of hours' working time required— isted, neighbor Wilson would have a pretty accurate idea of how to be dout building the particular plece of work which you described. Mow couldn't you do the same for us, with this difference— that you stand a good chance of getting well paid for your time? In Prize "D" of our contest, open to the farmers of Canada, we offer \$100.00 to the farmer in each Province who will furnish us plece of concrete work shown by photograph sent ha was done, the size of the work described makes no difference. The only im-plet of the verk described makes no difference. The only im-plet of concrete work shown by photograph sent ha was done. The size of the work described makes no difference. In writing your description, don't be too particular about gram-mar or spelling or punctuation. Leave that to literary folk. Tell it to us as you would tell it to your neighbor. What we want are the facts, plainly and clearly toid.

Sounds simple, doesn't it? And it is simple. And surely it is well worth your while when you think of the reward in view. Now sit right down, take your pen or pencil—fill out the at-

tached coupon-or a post-card if it's handh circular which fully describes the conditions tast of the kind over held in Canada. as of this, the fi

Every dealer who handles "CANADA" Cament will also be given a supply of these circulars—and you can get one from the dealer 9 in your town, if that seems more convenient than writing for it.

Contast will close on November 15th, 1911-all photos and de-scriptions must be sent in by that date, to be eligible for one of these prizes. Awards will be made as soon as possible thereafter. The decisions will be made by a disinterested committee, the fol-lowing gentlemen having consented to act for us, as the jury of award: Frof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; Frof. W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Editor of "Construction." Having decided to compete for one of the prizes, your first step should be t, get all the information you can on the subject of Concrete Construction on the Farm. Fortunately, most of the pointers that anyone can possibly need, are contained in our wonderfully complete book, entitled "What the Former Can Do With Concrete." A large number of Canadian farmers have already sent for and obtained copies of this free book. Have you got your copy yet? If not, rou'd better send for one to-day. Whether you are and bints that are invaluable to the farmer. Kane...... Please scod full particulars and book.
