PRICE OF TEA HIGHEST IN YEARS

During 1920 so much more tea was produced than was required through out the World that the market dropped to a comparatively low point. So serious was the position of the growers in India, Ceylon and Java that they agreed to reduce 20% less tea during 1921. The result was that less tea was produced than was required, and now all surplus stocks have pretty well been exhausted to fill the deficiency. Prices in the last four months have steadily advanced, until the market today is at a level as high as was ever before reached even during war years.

ANNOUNCEMENT

In another place in this issue will be found the notice of the removal of the Thos. Maltby & Sons firm to their new quarters next door the R. L. Maltby residence.

This firm is one of the oldest doing business on the Miramichi today having been established in 1835 and as the years have gone by each one has seen some particular improvement in the companies business.

Their new quarters consist of a double storeroom, a very modern embalming room and a show room in which is ample space for the display of the newer supplies in their line.

The present manager Mr. Chas. Gough is in charge of the funeral arrangements while Mrs. Gough takes personal charge of the embalming, using only the latest methods.

This old established firm in their new quarters and with their modern arrangements, are making new friends daily while holding their old ones.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

WHISTLE BLOWING

The whistle safety valve of the Ocean Limited going west on Sunday afternoon, became caught, and as a result the whistle kept up a continual noise. Efforts were made here to fix it, but without avail and the train moved out with the whistle still blowing. Residents thought that a fire was raging in the vicinity of the station and a large number of people made their way to the station to find out what the trouble was.

She Found Relief After Five Years

An Ex-Service Man Tells How His Wife Found New Health

"I wish to testify," says Mr. R. A. F. Hughes, of Hamilton, Ont., "as to the efficiency of your Dr. Williams' Pink Pills for the following reasons: "When I returned home in May, 1919, after nearly five years absence on army service, my wife had changed from a healthy, robust woman, to one whose life was a burden and ordinary duties almost impossible. Through war worries, loneliness and other factors contributed through my unavoidable absence, her health had been steadily undergoing what I might describe as an undermining process, for years.

"I was fully aware from her letters that I would not find her the same woman, but, when I reached home, I was terribly shocked to find her in the condition she was in. Her healthy color had changed. She seemed bloodless and her skin was sallow. She was weak and listless, and with difficulty moved about the house. She hardly moved out of the house as she became so short of breath and feared she would fall during one of her dizzy spells, which she said were becoming more frequent.

"The day I arrived home I visited our doctor, who is an old friend, and, later through his advice, consulted with another physician of this city. Everything was done that could be done, and many medicines were prescribed and faithfully taken. As these were of no avail I trusted that time alone would suffice to build up what had gradually been undone in the course of five years. After twelve months, conditions had become worse. Then I decided on change of air, gave up my position in the city and moved to the country. Even this did not do any good. I think it added to her depression.

"One day a friend visited us and as a result of their conversation my wife made up her mind to try Dr. Williams' Pink Pills.

"I had not much faith in what I did, but procured three boxes. This happened nine months ago. I was surprised to hear my wife say, after about the tenth day, 'I believe these pills are doing me good.' A week or so after that I certainly believed they were, for I saw color returning to her cheeks and the sallow, unhealthy color disappearing. The pills were certainly doing what you claim they will do, and of her own free will she continued them for about three months. At the end of this time she seemed quite a different woman. Life was worth living. The listlessness had gone and she could walk up the steep hill, which is half a mile long, leading to our house, without the slightest inconvenience. At this stage she discontinued the pills and she is just as well now as ever she was.

"Now sir, I want to say I have every faith in Dr. Williams' Pink Pills, as I have had proof, and I believe that what this medicine did for my wife, it can do for others."

"You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

DOES LIFE EVER SEEM HUMDRUM IN THIS OLD TOWN

Maybe you need a little excitement in your life. And a change of scenery. Have you ever seriously considered a trip to the great Canadian Northwest, to the land of the Yukon, where Nature and men are both rugged, where life and gold are both cheap, but honor and love are costly? See Charles Miller's great May flower Photoplay, "The Law of the Yukon," which is at the Opera House Theatre Wednesday and Thursday get the thrill of the gold boom, see the magnificent scenery, get acquainted with some mighty interesting characters, learn something about a life far different from the life we know in this town. Seeing the picture costs far less than the trip, so you'll be beating the high cost of traveling.

CARELESS WITH MATCHES

The habit of carrying "strike anywhere" matches loose in the pocket results in many serious fires. In taking something out of the pocket a match drops out on the floor of barn or other place, is stepped on and results in a fire.—Deputy Fire Marshal Lewis, Ontario.
