Just One More. Woman Rises.

TO TELL HER SISTERS THEY CAN FIND RELIEF IN DODD'S KIDNEY PILLS.

Mrs. John Cabot, After Six Years' Suffering, Tried Dodd's Kidney Pills and Found New Life and Energy.

White Head Percé, Que., Jan. 28. (Special).—One more woman has risen to tell her suffering sisters they can find relief in Dodd's Kidney Pills. That woman is Mrs. John Cabot, well known and highly respected here, and she expresses her enthusiasm in these words: "I certainly recommend Dodd's Kidney Pills. There is nothing better."

Asked to give her experience, Mrs. Cabot continued: "My trouble started in a cold, and I suffered for six years. Rheumatism, neuralgia, stiffness of the joints, cramps in the muscles and heart flutterings were among my symptoms, and finally Bright's Disease developed. It was then I started to use Dodd's Kidney Pills, and they helped me almost from the start. After taking four boxes I feel like a new woman."

Dodd's Kidney Pills cure the kidneys. Healthy kidneys strain all the impurities and poisons—all the seeds of disease—out of the blood. Dodd's Kidney Pills not only cure the disease but by ensuring good blood give new life and energy to every part of the body.

France to Raise Army Expenses From The Rich.

Paris, Jan. 18.—The French cabinet's project to meet the immense additions to the military expenses of the country by an annual tax upon capital, was laid before the chamber of deputies when it re-assembled to-day. It had been anxiously awaited by the propertied classes of France.

Joseph Caillaux, minister of finance, the author of the measure, estimates that it will produce \$38,000,000 in the first year and more in the years following.

The new tax begins with fortunes amounting to \$6,000. After deducting \$1,000 for each child, an assessment of twelve cents is to be made on each \$200. The assessment then rises gradually up to fifty cents per \$200 upon fortunes of over \$2,000,000. This tax is to be supplemented by an income tax.

The French government in drafting the bill kept two considerations in view—not to drive capital from the country, and yet to add considerably to the government revenue.

Paul Deschanel was re-elected speaker of the chamber of deputies and the Abbe Lemire one of the deputy speakers.

W.C.T.U. Meeting.

The reports in connection with the recent Temperance meeting at Gower St. Church, and of the annual entertainment at the Poor Asylum, were submitted at yesterday's meeting. The ladies visited the Asylum on Thursday last, and supplied fruit, cakes and many delicacies to the inmates. A concert followed in which Miss Gladys Duley, Mrs. Penman, Mrs. Foster and Miss Benedict took part, contributing vocal and instrumental selections which were thoroughly enjoyed. One of the inmates, Miss Monroe, also gave a recitation. The question of organizing departments, one for Scientific Temperance Instruction in the schools, and another to be known as the Department of Mercy, was freely discussed, but definite arrangements were not effected. The meetings will take place on the second and fourth Thursdays of each month, instead of Wednesdays as formerly. Some interesting matter showing the evils of intemperance was read, after which the meeting closed.

An excellent programme of dances was gone through the music being furnished by the C.L.B. band. During the interval teas were served by the lady friends of the corps. The tables were tastefully arranged, and beautifully supplied with tempting viands, which were assailed with keen appetites by all present. Dancing was kept up until an early hour this morning.

A Thrilling Steeple Chase

At the Nickel Theatre. Crowds attended the Nickel at both sessions yesterday. The performance opened with the attractive drama: "A Gypsy's Warning" which was watched with the greatest interest. Then followed the thrilling picture entitled "The Great Steeple Chase." It is a remarkable story, covers two full reels and was produced by the Pathé actors. "Going Some" is a bright comedy. Mr. Koch repeated the song "All so Pure" and was warmly applauded. This evening the pictures will be repeated, but Mr. Koch will be heard in a new song.

The Yellowstone National Park.

By GEORGE FITCH, Author of "At Good Old Swash."

The Yellowstone National Park is a public pleasure ground, maintained by the United States Government for the enjoyment of the people and the brown bears of the nation.

The park is typical American because of its size. It is the largest park open to the public anywhere. Many nations could not have a park of this size unless they borrowed some territory from their neighbors. It has about 3,500 square miles, and is not fenced in. This is carelessness, of course, and leads to some trouble, but the government has never had time to dig the post holes.

The Yellowstone Park is situated in the northwest corner of Wyoming, about 125 from the center of population, including Pittman fare. One might think from its inaccessibility that it was a postoffice, but in this case the government had some excuse. The park is where it is because it was impossible to move the scenery of which it is composed to some more centrally located spot.

Scenery and natural curiosities are the strong points of the Yellowstone Park. It contains several mountain ranges, a plateau, a large number of canyons, a large lake, a 300-foot waterfall and a magnificent collection of geysers. In fact the park has a monopoly of geysers in this country, and geyser lovers who do not like the price of admission are at liberty to jump off the dock.

The Yellowstone Park is 11,000 feet high in some spots and in others reaches so far down that the water in the springs is red hot and smells of sulphur. Watching the geyser throw water at the dog star, boiling eggs in the mud pots and escaping from the tame bear, catamounts, mountain lions and rattlesnakes are the favorite occupations of the tourists. Guns are not allowed in the park, and the bears and buffalo are so tame that they will frequently walk up to a shivering stranger and attempt to borrow a chew of tobacco from him.

The Yellowstone Park has the grandest and wildest scenery on this continent, and if it were near New York the government could make millions by charging admission. It also contains another great American curiosity—good roads. Automobileists who have travelled mostly in Illinois and Missouri frequently go to the park to see these roads alone.

10 Cent 'C'ascarets' Is Your Laxative

Best Liver and Bowel Cleanser and Stomach Regulator in the world—Work while you sleep.

Get a 10-cent box. Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biftness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.
