Eleven battalions and a brigade of artillery were scheduled for plebiscite duty but it was officially announced yesterday, without a reason given, that it was found necessary to modify the arrangement. Under the new plan only one battalion will go to Schleswig, another to Danzig and still another to Allenstein. Speculation is rife as to the destination of the other battalions.

TO JOIN FRANCE AND ITALY.

CHAMONIX, SWITZ., Jan. 22. French and Italian engineers have arrived here to make studies on the ground for a tunnel under Mont Blanc directly joining France and Italy. Mrs. Mitchell Had Suffered For 11 Years

Fell Off From 140 Pounds to 100 Pounds -- Husband Praises Tanlac.

"As long as I live I will praise Tanlac for what it has done for my life," said Elizabeth Mitchell, Oyster Pond, Jeddore, Halifax County, Nova Scotia, while in Kinley's drug store in Halifax, Canada, recently. Continuing Mrs. Mitchell said: "For the past eleven years my wife has been in extremely poor health. Everything she ate disagreed with her and she suffered terribly with indigestion. She would bloat badly with gas after every meal, and complained of a heavy feeling just like her food had formed into a lump, and she would have the worst sort of cramping pains. She was bothered with constipation, so bad she had to always be taking some sort of laxative, five bottles suffered with intense headaches. She was so nervous the least little noise out of the ordinary would completely upset her, and she would tremble all over and become very weak after the least little excitement. She was restless at night she could get but little sleep. She had fallen off from 140 to 100 pounds, and was in such a weak condition and so badly run down she was about as near a physical wreck as any one ever gets to be and live. She would very often have to give up entirely and go to bed, and at one time was confined to her bed for four months.

"She had taken many different medicines, but none of them seemed to do her a particle of good. Well, I had been reading so much in the Halifax newspapers for the good Tanlac was doing others I got her some, and while she has only taken five bottles, it is simply remarkable how it has built her up. She is gaining in weight and strength every day, and looks like a different person, and she says she feels better in every way than she has in years. She can eat anything she wants and never suffer any bad after effects. Her nerves are getting in fine condition, and she can sleep as peacefully as a child all night long. She does not complain of a pain of any kind any more, and has not had a headache since she started taking Tanlac. I was badly worried over her condition, and I can not tell you how thankful we both are for the good Tanlac has done her."

Tanlac is sold in St. John's by M. Connors, under the personal direction of a special Tanlac representative; in Harbor Buffett, by Thomas Wakely & Sons; in Placentia, by James Murphy & Son, and in Topsail by J. K. Bursell.—adv't.

Bank Manager Promoted.

Mr. B. L. Mitchell, late of the St. John's branch of the Royal Bank of Canada, has been appointed manager of the head office of the Royal Bank at Halifax. That the regard held for him by St. John's patrons of the Bank at Halifax. That the regard held for him is entailed by Halifaxians is proven by the following extract from the Halifax Herald:—

"Mr. Mitchell was born at Margomish. He entered the service of the Union Bank of Halifax at New Glasgow, in 1903, under R. C. Wright. Shortly after the amalgamation of the Union Bank with the Royal Bank of Canada in 1910, he was appointed accountant at Halifax, and was for a time assistant manager at St. John's, Nfld., and afterwards attached to the inspector's department at head office, Montreal. In 1915 he was appointed manager at St. John's, Nfld., and has been acting manager at the Halifax branch since February, 1919. F. St. C. Harris, former manager, is at present acting supervisor of maritime province branches with headquarters at Halifax, during the absence on sick leave of A. D. McRae, the regular supervisor. The appointment of Mr. Mitchell is a popular one. He is well and favorably known by the business public, and is receiving congratulations from his many friends among the staff and customers of the bank, on his promotion."
