### **Great Picture** Coming to the Nickel

"Jane Eyre," the famous novel by Charlotte Bronte, has been faithfully put on the screen by Hugo Ballin with Ballin in the title role and will be shown at the Nickel Theatre beginning Monday next. The following is the story in brief:

The aunt of Jane Eyre hates her and sends the orphan to a charity school. When the girl is old enough his eyesight in the fire, and the house is destroyed. Jane hears of Rochester's misfortune and goes to him. She formisfortune and goes to him. She forgives him for trying to deceive her, regains his sight.

## Resort of Pirates and Slavers.

A romantic history attaches to the Isle of Pines, a beautiful island off the coast of Cuba. Between the time of its discovery by Columbus and its occupation by the early settlers, it was infested by pirates and became the headquarters of the most ferocious pack of "sea wolves," that hunted the seas during the sixteenth and seventeenth centuries. Desperadoes of all nationalities, including English, French and Dutch, found safe refuge on the Isle of Pines. After the scaton the Isle of Pines. After the scat-tering of the pirates, the island be-came a haven for the slave trade. In the days when the traffickers in "black ivory" found the difficulties of their profession increasing, as the prejudice against slavery grew stron-ger, they increased their profits by mproving the value of their merchandise. The Isle of Pines became a "slave fattening depot." Here the poor blacks who had been brought out from Africa in the dark and crowded holds of the slave ship, were allowed a period of rest and refreshment before being sold in the slave markets of the United States.

## Strange African Tribe.

Dr. L. Reinecke, the head of a geo logical expedition to Angola, in Portuguese West Africa, reutrned to Cape Town a short time ago, and reports having visited places about

which very little is known. At one place far from the coast the party came upon a tribe strongly reembling the Hottentot, living in the nost primitive way and showing lit- guage and le or no evidence of the influence of the white man. They are of a sharp down game at the water brown and very small in stature, dif- otherwise ensnare them fering in most respects from the In this region practically Congo negro type.
