### SIDE TALKS.

By Ruth Cameron.

FOR IT'S AS LIKELY TO BE TRUE.

It was a horrible night to be out. Underfoot there was a glare of ice. Overhead the skies had opened and let fall a deluge of cold, sleet rain. Taxicabs were at a pre-arranged street car all off schedule. Women stood in the pouring rain, street corner without umbrellas, signalling an approaching

"Of all the outrages," cried one of the women angrily. "He ought to be reported and lose his job for doing a

thing like that." "Oh, I don't know," said the other. "You see he hasn't really been out in the rain, and maybe shut up in the car like that he doesn't realise what a

bad night it is." **The Height Of Charity.** That's about the high peak of charity in my experience and a height to which I frankly admit I could scarcely attain. But I suspect it must have been an outgrowth on that woman's part, of a habit of charitable thinking, of always attributing a good motive, of making allowances for mistaken judgments or unknown provocations, which is one of the finest traits in the world both for the people with whom one comes in contact and for one's own peace of mind. Getting all piled up over things only makes bad matters worse, and believing the best instead of the worst about people is a mighty good frame of mind to cultivate.

It saves you the humiliation of having to admit yourself in the wrong, too. (There's seldom any humiliation

attached to thinking the best about folks even if you're over-optimistic.) And You Were Ashamed Of Yourself. There was the time the carpenter didn't show up on the job he'd started

and you fumed and fussed and said he was probably off on a hat somewhere. He looked like the drinking kind, anyway. And then he came back on the third day so hoarse he could hardly speak and said he'd been too sick with a cold to come out before. And there was the time you were sick in bed for a week and Edith didn't even so much as call up on the telephone to inquire how you were after all you did for her when she was sick. And you had a good deal to say about Edith's general thoughtlessness, and while you were about it gave all her shortcomings a thorough airing. And then you found out that her little girl had been sick all week and she couldn't get away, and her telephone had been out of order so she couldn't call up.

The Well-Known Sweater Tale. Do you remember during the war

the rumor that started the rounds to the effect that someone had said a sweater she had knitted for the soldiers was found on sale in one of the department stores and was recognized by her name on a paper that she had pinned inside? I was guilty of repeating that tale once, as it had come to me on what seemed like good authority. A man in the company took out his notebook and pencil. "You're a member of the Red Cross committee that has set itself the task of running that story to the ground," he said. "Now if you will just give me the name and address of the woman to whom this happened . . ." But I realised to my chagrin that no name had been mentioned. All I could give was the name of the person who had told me. And to the best of my knowledge the tale was never substantiated.

**BRIAN DUNFIELD**  
BARRISTER  
SOLICITOR,  
NOTARY,  
Board of Trade Bldg.  
St. John's.  
Telephone 422.  
Oct 29, 6mo

Alternate layers of buttered bread-crumbs with layers of sliced oranges. Sweeten, add a few chopped raisins, pour milk over all, and bake.

**MINARD'S LINIMENT USED BY PHYSICIANS.**

**DANDRUFF**

Minard's cleanses the scalp, opens the pores, stimulates the roots of the hair to new activity. Rub Minard's into the scalp four times a week.
