

BRICKLAYERS WILL CONFER WITH LOCAL CONTRACTORS

There will be a conference tomorrow evening between the bricklayers of the city and the contractors to try and reach some decision as to the schedule to be paid during the season for work. The men wish to have a raise of 65 cents an hour, and the employers are not willing for the change to such a great extent. There will be a general meeting of the bricklayers at the end of the week to discuss the matter and consider the attitude which will be taken by the men.

Every man is a good loser until the test comes. And then 99 out of every 100 yield so loquaciously that the world gives them the laugh.

The Gourlay Wins Enthusiasm

Wherever played the Gourlay piano wins a large following of enthusiastic musical friends who judge it by just one consideration—musical quality. Its rich pure tone is so satisfying as to charm the most critical musical minds.

The high favour which the Gourlay piano holds to-day in thousands of Canadian homes is the realization of Gourlay aim. Long before the first

Gourlay Piano

appeared on the market the closest study of piano manufacture was made—eliminating all that was inferior and carefully assembling the best principles known to human intelligence.

This experimental study and thought has created a standard of Gourlay construction that is unsurpassed by any other instrument. Each successive stage is highly developed by employing the very finest materials procurable until the final inspection approves it to be the highest achievement in artistic workmanship possible in a piano.

The Gourlay therefore cannot fail to enthrall its owner with its superior material and musical excellence. Ask anyone who plays or hear it for yourself, and you will be convinced that you cannot do better than make the Gourlay your final choice.

LETHBRIDGE EXHIBITION THAN EVER BEFORE IN ITS HISTORY, SAYS

Completion of Line Will Be Book, 700 Birds, and 1,200 Feet of Midway Included In The Exhibits; 60 Business Houses Have Displays

LETHBRIDGE, June 24.—With over 1,000 head of live stock, 700 birds in the poultry department, displays from more than 60 local business firms, and 1,200 feet of midway, Southern Alberta's big exhibition opened its gates to the public today. Lethbridge Exhibition board is aiming at 25,000 attendance. The desire is to break all records. Last year the attendance was over the 18,000 mark, but transportation to the grounds was none too good, and the fair was at the wrong time of the year to attract big crowds. The record attendance at the Lethbridge grounds for any year is 16,000, made during the Farming Congress last October. It is hardly likely that this will be beaten this year, but the ten thousand mark will be hung up for shattering.

Every one of the nine live stock barns was full this morning when bidding will begin. The committee is beginning to wonder where to put all the entries. There will be 200 horses, 300 cattle, 200 sheep.

WINNIPEG FRENCHMEN HONOR THE PATRON SAINT JEAN

Five Bands Set the Pace of the Marching Lines; 2,000 in the Parade

Winnipeg, June 24.—Fully 2,000 strong, the members of the St. Jean Baptiste and associated societies paraded this morning from the Sacred Heart church to St. Boniface cathedral. It was a striking demonstration of the strength of these societies in Winnipeg, St. Boniface and vicinity. Five bands set the pace for the marching lines, and the beautiful flags and standards of the societies made a rich touch of color. It took the parade 45 minutes to pass a given point.
