Duke and Duchess Pleased.

to be held next week in Ottawa, nearly ing plays by English authors with scenes all laid in England. The Duke and Duchess of Connaught, before whom all the performances in the competition will be given, have expressed pleasure at the idea of seeing Canadians in really high-class English plays. Londoners, this year, are relying on the entry of the London Dramatic Club bringing back the coveted trophy. This clever organization will give Londoners an opportunity of seeing them at the Grand Opera House next Tuesday evening, April 16, when they will present Oscar Wilde's famous three-act comedy, "The Importance of Being Earnest."

"The New Boy."

Mr. C. James Bancroft, who last appeared in London in the "Private Secretary," introduced a new vehicle at the Grand Opera House last night called "The New Boy." He is an actor of merit, and his performance on Wednesday evening was most popular with the good-sized audience that at-The supporting company was carefully selected, and was satisfac-

WAS TROUBLED WITH

Weakness Palpitation OF THE HEART.

Through one cause or another a large majority of people are troubled, more or less, with some form of heart trouble. Little attention is paid to the slight weakness of the heart, but when it starts to beat irregularly or intermittently, palpitate and throb, skip beats, beats last for a time, then so slow as to seem almost to stop, then it causes great

anxiety and alarm. To all such sufferers Milburn's Heart and Nerve Pills can and will give prompt and permanent relief.

They do this by their restorative influence on every organ and tissue of the

Mrs. John J. Downey, New Glasgow, N.S., writes:—"Just a few lines to let you know what your Milburn's Heart and Nerve Pills have done for me. EDUCATION SYSTEM TO THE BREWERS **UNDER CRITICISM**

Amendments to License Act Consolidation of Rural Schools Urged By Speaker Before the Convention.

PAY CHECKS NOT GOOD HUGHES MADE PRESIDENT

Professor Dearness Presents Report Persons Intoxicated in Local Option of Simplified Spelling Society.

Toronto, April 11,-Ontario's educational system was subjected to criti session of the Ontario Educational Association. Prof. G. H. Needler, of the University of Toronto, indeed, declared provide that in a municipality in it to be "a crime against the nation." He complained that the public and high schools and university did not af. ford a complete sequence of instruction, and that the public schools fall ed to afford a rounded education for the large number of pupils who were unable to attend the secondary schools and colleges. He proposed the length ening of the public school course. An other speaker, Inspector J. H. Putnam of Ottawa, asserted that the rural school system was breaking down for want of teachers and for want of school population. Still another, Wilhe lis C. Froat, declared that 1,400 more that could not be done the act at teachers were now needed in the least should state that all municipaliprovince, and an increase of 800 in the annual output of the training schools. Various remedies were suggested for this situation, which was and not to the fault of the Education treat all municipalities alike. As the Department. Mr. Putnam proposed the establishment of county' school boards in lieu of the present school section boards and the consolidation of schools. In this way, he urged, the supply of teachers would be found for the present need. Other speakers suggested the formation of township school commissions a liquor shop. A clause is added to work with the local boards, in-the present law prohibiting a tayfor teachers, and the adoption of a superannuation scheme for the bene liquor or converting into cash for the purpose any time check or pay check province.

Reforming Spelling. A meeting of the Ontario branch of the British Simplified Spelling Society was held, and the following officers were elected: President, Dr. J. Gibthat he shall not be compellable to retary-treasurer, John Dearness, M. son Hume, University of Toronto: sec-A., London, Gat.: corresponding secretary, Principal A. McQueen, London, Ont.; committee, Prof. D. R. in Ottawa had passed a resolution Keys, M.A., Wm. Scott, B.A., Toronto; opposing it. Neither Mr. Ellis nor Mr. Robt. Alexander, of Galt; J. S. Lane, B.A., of Ottawa; W. M. Metford, Toronto; Inspector D. A. Maxwell, of

Windsor, and Alex. Hamilton, M.D., of Toronto. A report upon the progress of the year's work of the society was presented by Mr. Dearness. It showed an acquisition of strength in England, the United States and Wales. It was Sutherland, stated that the British society would start the publication of a new journal start the publication of a new journal amendment, a majority of only 48 for called The Pioneer, the spelling in the Government. The Government claring that a bar, casks or bottles which would be all phonetic, and displayed on unlicensed premises to would offer three prizes for essays on induce belief that liquor is sold shall the educational advantages of simplibe prima facie evidence, is enlarged to make such condition a misdeper cent of the errors in spelling in 10,000 compositions to have been due

ther disbursements would shortly materially reduce the balance of \$715. The general association concluded its meeting with a resolution to hold its fifty second annual meeting at the University Building, in Easter week, 1913.

ALL-DAY SESSION OF LEGISLATURE

Liberals Present Amendments at Third Reading of the Highways Bill.

GOVT. NOT UNANIMOUS Many Absent Themselves To Dodge Vote on Compulsory Vaccination

Measure.

Toronto, April 11. - In order to has ten the conclusion of the session the Legislature spent the whole of yesterday from 11:30 in the morning unti late last night in an endeavor to finish up all of the Government business. A large number of bills were dealt with many amendments were moved to bills called for their third readings, and those amendments which were move by members of the Opposition wer promptly squelched by the House There were two divisions during th afternoon on an amendment by Mr. Rowell to the highways improvemen bill, and on an amendment by McQueen to the vaccination bill. Fovernment majorities were 58 and

48 respectively.

On the third reading of the bil for the improvement of the high-ways, Mr. Rowell moved an amendment which provided that contribu tions to highway improvement under the act shall continue as at pres ent, so far as the Province is cerned — namely, one-third; but in-stead of the municipalities contributing two-thirds, one-third should be contributed out of the moneys re-ceived from the Dominion Government, and one-third by the municipalities. That would involve no greater tax upon the Province, bu it would relieve the municipalities of one-half the burden they are now under, and would act as a strong in ducement to have other municipalties come in under the highway im-

rovement scheme. Mr. Rowell was glad to see that the Government had so far adopted the principle of the good roads resolution presented earlier in the sesion, that the moneys received from the Dominion Government should be used by the department of public works as part of the general fund for highway development. He did not agree that the Lieutenant-Governor in council should have authorty to vary the proportion to be contributed by the municipality, the province and the Dominion, as it would be possible to treat the municipalities differently.

It might not be he Government to do so, act should be clear on that point. The clause should make perfectly clear the amounts to be contributed by each of the three parties, and if ties should be treated on the same

May Amend Later.

a Government was disnosed ederal grant would not be available this year, the proportion of contributions will not be affected. Meanwhile. if it was found necessary to specify the amount, the act could be amended at a subsequent session.

The amendment was lost on a vote of 75 to 17. A further amendment by Mr. Elliott to make one clause read that all municipalities should receive the same proportion of payment was lost on the same division and the bill was given a third readling.

That there was opposition among the members of the Government to Hon. Mr. Hanna's bill to provide for compulsory vaccination was evident from the large number of absentees from the Government benches when the vote was taken on Dr. McQueen's amendment. Mr. J. A. Ellis (West Ottawa), spoke in the House against the bill, saying that the city council Napoleon Champagne (East Otta wa) was in the House when the vote

vas taken.

Following are the others who did not vote: Messrs. Gooderham, Dunlop, Godfrey. G. H. Ferguson, Milligan, Hogarth, Peck, McElroy, Machin, Carscallen, Nixon, MacKay, Proudprizes are: First, \$20; second, \$15; tl \$12; fourth, \$3; fifth, \$5. The competence of show one bushel of the grain and western Fair. The jumps: First States of the second of the grain and the show one bushel of the grain and the show of the grain and the show one bushel of the grain and the show of the grain and the show one bushel of the grain and the show of the grain and the show

majority on the highways improvement bill was 58. The original motion passed its third reading on the same Amendments Voted Down.

Amendments by Colonel T. May-berry (South Oxford), and T. Marshall (Monck) to the hydro-electric power bill and the municipal franchise bill, respectively, were voted

down by the Government with little ceremony. The objections to the bills were the same as had been raised on other occasions. All three of Hon. Mr. Beck's bills were given third readings.

Mr. Rowell made another plea to have the Ontario Legislature insist on being treated by the Dominion Government on the same basis as the Province of Manitoba as regards debt allowance. In this connection when the bill expressing consent of the province to the extension of its boundaries was called for its third reading, Mr. Rowell moved an amendment asking such treatment st. from the Dominion. On a division of the House Mr. Rowell's amend-On a division ment was lost by 66 to 21.

The Stanley Mineral Springs and Brewing Company, Limited, has acquired, as a going concern, the business and assets of the Stanley Mineral Springs Company, Limited, of Winnipeg. The latter Company carried on a well-established business, extending from Port Arthur to the Pacific Coast, and so well appreciated were its products that an insistent demand rendered it impossible for the Company to supply the wants of its customers. The Stanley Mineral Springs and Brewing Company, Limited, is extending its operations

and a contract has already been given for enlargements of its plant. The estimated cost of these enlargements is Five Hundred Thousand Dollars.

The rapid development of Western Canada insures a growing market for the products of the The Canadian Northern Railway Company, fully realizing the great superiority of the Stanley

Mineral Springs products, has been an important customer, and will continue to use the company's products in its hotels and on its dining cars and boats. Estimated earnings show a net profit of \$256,300, or more than six times the bond interest and sinking fund payments. The remainder of the bonds are to be issued only for permanent betterments, additions to and enlargement of the plant, and can then be issued only to the extent of

75 per cent of the actual cost of such betterments, additions and enlargements. A Descriptive Circular Upon Request.
