THE STORY THE STATE OF THE STATE

this year, and we make a further appeal to those who hitherto have not given us any help. For the benefit of newcomers to the city, I may say that we have our regular district visitors for every street, and the names of those in each district, who would appreciate being remembered at: Christmas time are handed in to the com-

as partners in the Yankee monopoly. Store the sealing fleet owners, it is said, are working tooth and nail to push the deal through. Should these negotiations prove successful the Yanks propose to bring influence to bear with similar effect upon the governments of Russia and Japan, and people in Victoria supply the materials, so we make this appeal on behalf of the many thus scene to themselves a world monopoly for many years has thus been brightened by the thoughtfulness of others. We hope that the children attending the public schools will also remember us, as they have

money, or they may be sent to the treasurer, together too warm for us, and we are Miss Lawson; any articles of food and inking seriously of coming to join you clothing will be thankfully received at the EDITH C. PERRIN. President Friendly Help Association. Bishopsclose, Dec. 1, 1903.
