## TUESDAY NIGHT'S COUNCIL MEETING

Small Number Present—Matter of 1923 Estimates Left for Special Meeting.

A meeting of the town council was held last night but very little business was transacted as only four councillors attended. Mayor MacKay was in the chair and Councillors St. Onge, Gilber, Graham and Graham were present.

The minutes of the previous meetings were read and adopted.

The matter of Appropriation was briefly discussed as this was the chief reason for the meeting, but owing to the small number present most of the councillors felt it would be better to postpone the matter until a fuller board could be had. His worship pointed out that a quorum of the council was present and they were at liberty to take up the matter at this meeting if they wished. His Worship added however that he was agreeable to having the matter taken up at another meeting in the near future. This course was decided upon.

Several communications regarding different matters were touched upon and left over until the next meeting. Several applications for trucking licenses were taken up and upon vote were referred to the Police and License Committee.

An application from Messrs. Sharpe and Olsen for permission to install a gasoline tank at their garage. Moved by Coun. Gorman, seconded by Coun. St. Onge that application be referred to Police and License Committee.

A communication from the manager of the Electric Light Plant was read and referred to the Electric Light Committee.

## THE PAULIST CHORISTERS

America's Greatest Male Choir  
Here Next Monday—  
Seventy Voices

No doubt the most important musical event ever to happen in Campbellton is the forthcoming engagement on Monday evening next, at the Opera House, when the Paulist Choristers, under the leadership of Rev. Father Finn, will grace the stage and with out question thrill and delight all those who turn out to hear them.

Famous the world over, this organization has won the unstinted praise and commendation of the highest authorities in the land. Column upon column could be taken up in setting forth the many letters of thanks, recommendation and praise that have been showered upon this choir by press and public. They are said to be second to none unless it be the famous Sistine Chapel Choir of St. Peter's, Rome.

In 1912 the Paulist Choristers were awarded the first prize in the Division of Honor in the Great International Competition of Choralists in Paris. Father Finn, founder and conductor, was decorated with the Palmes of the French Academy on that occasion. No other concert organization presents so large a number of perfectly trained sopranos and alto voices. The perfection which the critics everywhere recognize in the work of these small boys, is accounted for by their daily training in their residence school at Libby Castle, New York.

While the Paulist Choristers have never sung in Canada east of Montreal, this being their first visit to Quebec and the Maritime Provinces, they have sung in most of the cities of the Atlantic coast and west. On one tour under the auspices of the French War Relief, they gave 251 consecutive concerts.

The Opera House management reports that no announcement of a forthcoming attraction has ever met with such widespread approval as this one and all eyes point to a capacity house on next Monday evening, which by the way is absolutely necessary if Campbellton is going to take its place among the towns able to support the bigger and better entertainment offerings.

**HAD EYE INJURED**  
Hector Roy of Richardsville sustained a painful injury to his right eye on Monday while working at the edge in Richardsville mill. The accident was caused by a small piece of wood splintering off the machine and hitting Mr. Roy in the eye. The unfortunate man was immediately taken to the Hotel Dieu Hospital, where he is reported as doing very well, although his injury will likely require several days treatment.

## BIG CROWD AT MONDAY'S RACES

Local Speedway Was Scene of Interesting Races On Holiday.

The local speedway was the scene of some interesting horse races on Monday. A good crowd attended, the grand stand was crowded to capacity and scores of autos lined both sides of the track along the home stretch.

Five new horses made their first appearance on the local speedway in this event and most of them gave good promise for better work later in the season.

The free for all was won by Billy Be Sure but many of the spectators were of the opinion that Kyo Todd, owned and driven by H. A. Fowles, would have carried off the honors if she had got away to a good start. After winning the first half mile heat in 1:09, the mare began to act badly and broke just at the start of the second. After scoring several times the starter gave the word to go with Kyo Todd nearly fifty yards behind her three competitors. However, he drove in a way that evoked Kyo's best efforts and she finished just half a length behind the winner.

An incident which provided both a thrill and several laughs for the spectators happened when H. P. Doyle, driving Lady Carr met with an accident on the back stretch. One of the tires blew out and when the wheel collapsed Mr. Doyle was thrown violently from his seat. He escaped injury however and, being unable to secure a proper sulky, drove Uncle Sam in the next heat in an ordinary steel-trail gig—and came in first amid the lusty cheers of the greatly amused crowd.

The summary follows:  
Free For All  
Billy Be-Sure 2 1 1  
Kyo Todd 1 2 4  
Lady Carr 4 4 2  
P. S. 3 3 3

## SUDDEN DEATH AT RIVIERE DU LOUP

Mr. Joseph Scott Found Dead In His Home By Friends.

The sad intelligence of the death of Mr. Joseph Scott at his home in Riviere du Loup, will be received with feelings of profound sorrow by his many friends here and throughout various parts of the country where he was well and favorably known. The deceased gentleman who was sixty-three years of age was a retired railway engineer, having retired four years ago after a long and faithful service in the employ of the C. N. R., during which time he was on duty for a period of thirty-two years in the railway yard at Riviere du Loup.

The death of the late Mr. Scott was something of a shock to his relatives and friends owing to the circumstances which surrounded the event. The deceased's wife, who is a sister of Mrs. E. Atherton Smith, the well-known welfare work organizer of St. Andrews-by-the-Sea, was away visiting at the time Mr. Scott was missed for some days by neighbors and friends from Campbellton who stopped off at Riviere du Loup to visit him. It was later ascertained that the late gentleman had been dead for four or five days. Death it is said was due to heart failure.

The late Mr. Scott leaves to mourn two sons and one daughter. The sons are James of St. Paul, Ming and Atherton of Seattle, Wash., and the daughter is Mrs. Virbath of Sherbrooke, Que.

The funeral services were held yesterday afternoon from the deceased's late residence and were probably the most largely attended of any funeral ever witnessed in that vicinity. The Brotherhood of Railway Engineers and other railroad orders, also attended to pay their last tribute of respect to a departed friend and former fellow employee who by merit of his sterling qualities had won a warm place in their hearts, both as a friend and as a man.

To the bereaved relatives the heartfelt sympathy of the late Mr. Scott's many friends is extended in their hour of sorrow.

## FOREST FIRES ON NORTH SHORE

Several Forest Fires Have Been Raging for Past Week—Villages Threatened

For the past week several forest fires have been raging in different localities on the extreme north shore of the province and in the Matapedia Valley and southern Quebec. In addition numerous other brush fires have broken out along both sides of the Bay Chaleur Coast but so far none of these have developed to any alarming proportions.

In the Matapedia Valley however the situation at times has been serious, the village of Kunymede and Moore's Settlement at times being threatened by the flames.

One House Burned.  
So far reports show that only one house has so far been destroyed. This was the property of Alexander Fraser of Moore's Settlement who sustained severe loss in his barn, stock and farm machinery was also destroyed.

Local Fire Brigade Called.  
On Monday help was requested from Campbellton and the fire engine and a quantity of hose and other necessary material, accompanied by a detachment from the fire department, was rushed to the fire zone. There firefighters have since been joined by a large number of citizens and some two or three hundred employees of the lumber companies here. Late reports said that no eminent danger threatens any of the settlements in the Matapedia Valley district.

On the I. N. R.  
Forest fires also broke out in the I. N. R. district on Tuesday and yesterday several large tracts of lumber land about Upsalquitch and also near Redgwick were in flames. Local lumber concerns forwarded men and supplies by a special train yesterday afternoon so that there are now about four hundred men fighting the fires in the vicinity. So far no homes have been destroyed but the loss of lumber land will probably run into large figures.

Other fires are still burning in the vicinity of Millstream and Milneke. One large number of fire fighters are still at work there also and the danger is by no means past.

## COUNTRY CLUB FOR RESTIGOUCHE

Campbellton and Dalhousie Citizens Meet and Begin Organization.

An adjourned meeting of citizens interested in the formation of a golf club was held in the Curling Rink last Friday evening and was attended by representative citizens of Campbellton and Dalhousie.

The meeting was called to order at 8 o'clock and Mr. D. A. Stewart was chosen chairman.

The committee appointed at the previous meeting to look over proposed sites for a golf course reported that they had looked over two suitable properties, but one was financially more than could be borne at this time. The other about four miles below Campbellton was reported as suitable. A nine hole course could be laid out there, and the whole expense would not be great.

It was moved, seconded and carried that a Golf Club be organized.

The following officers and committees were appointed.  
President—Mr. M. Mowat.  
1st Vice-Pres.—Dr. Fleck.  
2nd Vice-Pres.—W. S. Montgomery.  
Sec.-Treas.—H. A. Carr.

Governing Board  
G. E. Scott, Dalhousie, Rev. W. W. McNair, R. H. Gibson and Wesley McDonald.

Membership Committee—Mrs. W. S. Montgomery, Mrs. H. E. Mott and Dr. Fleck, J. F. Lathourie, Mrs. D. A. Stewart, Mrs. R. H. Martin, Mrs. W. S. Richards, H. B. Anslow, R. J. S. Sly and A. F. Graham, of Campbellton.

Bylaws and Constitution—H. A. Carr, Rev. W. W. McNair and Colin MacKenzie of Campbellton and G. E. Scott, of Dalhousie. Those present at the meeting were ipso facto made charter members of the new club.

It was agreed that the fees should be \$10.00 for gentlemen and \$5.00 for ladies.

The meeting adjourned to meet Friday evening, June 8th at 8 o'clock at the Curling Rink.

The membership committee report that a large number are joining and as the number is limited, those desiring to become members should make application at once.

When you have a hot head and cold feet and feel sour on the world, then is the time to see Dr. Jack. A laugh is a second is his tonic.

## MATAPEDIA BOY KILLED IN WEST

Telegram to Father Today Gives No Particulars of Sad Event.

Mr. Allan Adams of Matapedia this morning received a telegram stating that his youngest son Lindsay was accidentally killed yesterday in Washington State, where he was working. No particulars have yet been received.

Austin Adams of this town is a brother, and Mrs. Ernest Glidden, Mrs. Robt. McAllister and Mrs. Harry Lyons all of Campbellton, are sisters. The family have the sympathy of all in their sudden bereavement.

## HOW PAULIST CHORISTERS STARTED

Those who have heard Father Finn's Choristers say that a good third of the interest is in watching the boys as they sing. They never take their eyes off him. Sometimes they look as though they were hypnotized, and with their bird like faces all turned the one way they make a very attractive picture. What really happens is this. From the moment the first number started Father Finn is listening intently to get an idea of the acoustics of the hall. By what, is learns in that few minutes he decides how certain numbers must be sung. One great number he varies four ways, according to the conditions.

As nobody but himself knows what way, everybody has to watch for his signals. He really plays on the boys' throats as if they were so many organpipes, and every one of them knows exactly what he wants. It is a sight worth seeing, and those who see it know the secret of the Choir's success. The Paulist Choristers will be heard at the Opera House next Monday evening, June 11th. Advance seats on sale now. Box office sale open Friday, 10 a.m.

There are still two large steamers loading at the local port, the Lorentz W. Hansen and the Sarmatra. The former ship will leave port today with a cargo of long lumber for Glasgow and the latter, bound for Manchester, England, expects to complete her load by the end of the week. These steamers are being loaded by the Stearns Cutter & Co's interests.

The full-rigged ship "Gunda", arrived here this afternoon after discharging her ballast at Dalhousie and is docked at the Chaleur Bay Mills wharf where she will be loaded by that firm. A four-masted bark, the "Audrey" is expected today from Dalhousie where she also discharged her ballast.
