Canada, My Native Land.
Canada, my native land,
I love to sing of thee,
Land of my birth I prize thee most,
Sweet home of liberty:
Though other lands and other scenes,
My dazzled eyes may see,
'Tis first and best, take all the rest,
My native land for me.
CHORUS.
Fair Canada, my native land,
(May discord never sever)
Blest are the ties that bind us,
To the Maple Leaf forever;
In spring behold the tiny gem,
Its tender tints of green unfold,
Till kissed by summer skies it glows.
In Autumn's burnished red and gold.
O, what tender memories cluster,
Shall they ever be forgot?
'Round the happy scenes of childhood,
And the old familiar cot;
Where first I saw thy beauty,
Of my own dear native sod,
And learned to honor freedom,
My country and my God.
Star of the North in beauty shine
And speak true words to me,
And tell me of the glories,
Of a nation yet to be,
Whose flag floats proudly, grandly,
And loved from sea to sea,
Whose valiant sons unite to stand,
For home and liberty.

YOUR BLOOD UNHEALTHY IN THE SPRINGTIME.
You Should Cleanse the System at Once with Proper Medicine.

Spring house-cleaning is the solemn duty of every good housekeeper,—this time, let it commence with your own system. All the organs are depressed, the liver is slow, kidneys are unhealthy. In consequence you are listless, vitality is low, color is bad, appetite is poor and you need medicine. This is just the time to use Ferrozone; it excites splendid appetite, gives digestion splendid aid, supplies nourishment for all weak organs. At once you feel buoyant and strong. Nutritious blood courses through your veins, supplies strength and life, makes you tingle with animation and ambition.
No more headache:
None of that tired languor.
You feel like doing things because Ferrozone completely renews and strengthens your whole system.
For spring debility no medicine on earth gives such quick, lasting benefits as Ferrozone. It has raised thousands from downright weakness, gives them perfect health simply because it contains the fortifying elements that rundown systems require.
One week after using Ferrozone you'll feel like new, you'll appreciate what real robust health means. In a month you'll scarcely credit the push your vigor and spirits have received. Ferrozone is more than a tonic because its work lasts, its benefits remain and are not temporary. It restores health where other treatments fail, and especially in the springtime it should be used by every man, woman and child. Try it, 50c. per box or six boxes for \$2.50. Sold by all dealers.

Hard Luck Spoiled This Barn Raising.
Chatham, Ont., June 22.—Four men were severely injured in a succession of accidents at a barn-raising on the farm of Nelson Clark, Harwich.
John Houston was the first to sustain injury. A beam flew out of place and struck him, dislocating his thumb, and severely bruising his arm. Shortly afterwards Albert Forham was standing on the ground, when a plate fell from the building and struck him on the knee. He was severely injured.
A few minutes afterwards William Scott and Samuel Sutor were standing on a platform when the building was jarred, and the two men were thrown to the ground 30 feet below. The plate fell also, but luckily fell between them. Scott's condition is very critical; he received a severe gash in his forehead, and was rendered unconscious. Sutor also is in a very bad shape. He received a couple of broken ribs and internal injuries.
There is considerable doubt whether the last two will recover.

Blue Pill no Longer Used.
When the stomach needs cleansing, the bowels increased, the liver additional power, don't use mercurial pills, try Dr. Hamilton's Vegetable in composition, extremely mild, yet sure to flush out all impurities and wastes, no remedy is so well adapted for family use. Positively a cure for biliousness and sick headache, unfailing in constipation and bowel trouble, exceptionally good for indigestion, no medicine is so universally needed in every home as Dr. Hamilton's Pills. Good for the young, the old, the sick and the well ones, the benefits of Dr. Hamilton's Pills are manifold. Sold everywhere in 25c. boxes.

\$10,000 ROBBERY.
Priceless Mementoes of Late Queen Victoria Mysteriously Stolen.

Victoria, B. C., June 28.—A sensational robbery was discovered last night following the arrival of Mr. and Mrs. Victoria Alexander G. Elliott, who were married in the presence of royalty at Westminster on May 6.
The groom, who is a son of the dean of Windsor and a grandson of the late Queen Victoria, gave to his wife, who was Miss Daisy Langley, of Victoria, a large number of jewels and family heirlooms valued at \$10,000, including miniatures of the late Queen Victoria, and lockets enclosing locks of hair of the late queen.
The couple left England by the steamer Empress of Britain on June 14 and the valuables mysteriously disappeared en route from a locked dispatch box placed inside a secured trunk.

TWO CENT RATE ALL OVER THE U. S.
Old Three Cent Rate to Be Practically Abolished Across the Line on July 1st.

Chicago, June 22.—The Inter-Ocean today says:
"Passenger rates on all railroads of the United States will be reduced to two-cents a mile. The lowering of the price and complete abolition of the old three-cent rates will begin on July 1."
"This was the decision reached in Chicago yesterday after a long and heated discussion by the leading railroad presidents of all the Western and trans-continental roads."
"It was not a formal agreement, but is equally binding for two large loads doing a trans-continental business are said to have served an ultimatum to others that they would put the rate into effect immediately."
BOW TO INEVITABLE.
Following the meeting, officials of several of the roads admitted that they had been forced to bow to public opinion and anti-railroad legislation. They said that no further fight would be made on the two-cent laws already passed, and that the roads would accept the inevitable.

Doctors Change Their Methods.
Years ago they fought catarrh by internal dosing. They saw this ruined the stomach and changed to the excretory air cure, better known as "Catarrozone." This cure is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrh and even in the worst cases permanent cure is guaranteed. Failure with Catarrozone is impossible. Antiseptic and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c and \$1.00 sizes by all dealers.

Good Old Summer Time.
The first real summer weather of the season, such as give crops the long-looked-for boom, has been with us the greater portion of the week. The sudden transition from cool days to midsummer heat has given such an impetus to plant life that much of the lateness of the season has already been overcome. The plant beds have shot up with an amazing growth that tobacco growers find they must work long hours to prepare their fields in advance of their needs in transplanting. By the close of this week a good start will have been made in the planting of the 1907 crop. The extreme heat of midday, however, has not been quite a favorable for the transplanting as growers desire, but they are making the best of the opportunity, in putting out the crop. They find that the plants have acquired an exceptionally fine root during the time they were making slow progress, which will be very much in their favor when transplanted to the fields, as it should take less time to overcome the shock in transplanting.

Why Chest Colds are Dangerous.
They lead to pleurisy and pneumonia, follow the advice of W. H. Powles of Powle's Corners, Ont., who says: "I used to be subject to attacks and although I used most everything nothing relieved quickly till I discovered Nerviline. I have used it for pleurisy and sore chest and found it just the proper thing. For lumbago and neuralgia it's quick as lightning. I cheerfully recommend Nerviline." Strongest, cleanest, most pain destroying liniment on earth is Powle's Nerviline, 25c. bottles sold everywhere.

His Lordship Bishop Williams, of Huron diocese, recommends strongly that a man be appointed in this diocese to look after the organizing of young people's societies and Sunday schools.
