UTAH

"Utah" is a highly moral and strictly high-class production of Mormon life, showing the actual conditions, as existing in the State bearing that name. The play deals with the subject of polygamy, the subject of controversy in the United States Senate, the multiplicity of wives, etc. The comedy element is very strong, bringing into its action, an Illinois farmer and his wife, whose daughter is threatened by one of the daughters of the Mormon religion, who has already two wives, but is infatuated with the former's only daughter.

It is a highly dramatic production and laughter is continuous.

Three wonderful make-up, a very pleasing and laughable exhibition of sanctimonious characters in the first act, and then the comedy, the comedy is composed of acts of the first water out of the first summer tour, in which Williams Lawrence as Joe Caldwell, the farmer.

(Mr. Lawrence is a native of Amherst where he is better known as "Billy" Boehmer.)

Our Weekly Sermon

(Continued from Page 1.)

twelve angels, but of twelve men. We have the message, get your men and we move onward in the direction of the four square city. Get your Luther and you have a new Germany. Get your Livingstone and you have a new Africa. Get your Wesley and you have a changed England. Get your poets and the literature will follow. Your artists and the paintings will come. Get your farmers and the fields will grow with the weight of the harvests. Get your disciples who have the apostolic spirit and the city will come down out of heaven from God.

The names of the apostles in this city showed that they lived not merely for themselves and their own day, but their lives were left in the remotest periods of time. They were imperial men. The true Christian is a world wide, age wide man. Our master was. His vision was imperial. He stamps imperial mindness upon his followers. He did so in the great commission. It has been the men of imperial outlook who have blessed the world. Such are the men who write their names upon the foundations of things. There are many institutions in such an idea, too. Fortunately, however, owing in some regard to the propaganda of the Canadian Manufacturers' Association, but perhaps more to the progress of the country and the increasing enterprise of individual manufacturers, there is no occasion to blush for the product of this country. For instance, the firm of Gouhlay, Winter & Leeming, Toronto, has just placed on the market a new Gouhlay piano model, which will compare favorably in grandness of design and beauty of finish with any upright piano on the market, either here or in the United States. The new Gouhlay has, of course, all the fine tone quality which has distinguished this make of piano and given it so high a standing. Its case is a model of chaste designing. The curves are very graceful and harmonious, and the ornamentation on the music desk exceptionally beautiful yet not gaudy. The finish is in mahogany, "polished after the similitude of a palace." This new instrument will be an acquisition to the most artistic drawing-room.

LeBarre Bros. Minstrels
The management of the Opera house Bridgetown, has secured the LeBarre Bros. Minstrel band and orchestra for one night, Tuesday, July 10th. The company embraces many clever artists. Eddie LaBarre, Clair Harvey, Flexible Lovette, Balancing Stevens, Billy Graham, the Diamond Quartette, eight great dancers, eight funny and men and a host of others well known in the theatrical world. The following item cut from the Charlottetown Patriot is a good recommendation of the company: At the Opera House last evening the LeBarre Bros. Minstrels gave an interesting and enjoyable performance. The company number some capable vocalists and musicians. There was work of the orchestra is clever. Some excellent songs were sung, the quartet applause. The contortist work, and the hoop tricks, as well as the buck dancing, and the comedy specialists tette singing bringing forth much made up a program that satisfied and pleased, and recalled the good old days of minstrelsy. There are hearty laughs all through the program. Price—35 and 50 cents. Seats now on sale at Beckwith's.

tor, merchant, statesman, discoverer, king or chief captain, left the names of the twelve apostles of the Lamb. Permanence is the heritage only of the work of Christ.

The tumults and the shoutings die. The captains and the kings depart: Still stands God's ancient narrative. A broken and a bleeding heart. Far called our mavis melt away. On June and landfall sink the fire and all the pomp of yesterday. Is one with Nineveh and Tyre.

But God's work abides. The city that we look for is beyond the day that death can harm. For death itself shall be cast into the lake of fire.

Shall we whose souls are lighted, With wisdom from on high, Shall we to men be brought, The lamp of life deny? Salvation, oh salvation, The joyful sound proclaim, Till each remotest nation Has heard Messiah's name.

CANADA'S AWAKENING

A Change in the Spirit of Manufacturing.

Not so many years ago it was the general opinion that articles made in Canada could not compete in beauty of design and finish with the products of the United States. There was a lack for such an idea, too. Fortunately, however, owing in some regard to the propaganda of the Canadian Manufacturers' Association, but perhaps more to the progress of the country and the increasing enterprise of individual manufacturers, there is no occasion to blush for the product of this country. It is true that we may not be able to go but we can send and such as pass along the brick and stone and mortar are as certain as the names of the Crandalls, and those other men of God who went up and down this valley as flaming angels of God proclaiming the glorious gospel of the Son of God. No we cannot write our names on foundations work here, but we can have our names in the foundations of a glorious structure in the heathen lands. Our influence, our strength, our personality, our life may be wrought into the foundational work that is now being laid in the benighted parts of the earth.
