

**GALVANIZED STEEL BUCKETS**

Improved Pattern.

Improved Pattern.

Something entirely new, and superior to old style Buckets, made in three sizes. They are superior to the ordinary Flaring English Bucket, being of greater capacity. They are stronger in shape, consequently more durable. They will not slop over or tip over, owing to the wide bottom. They nest very close and firm, which protects them in shipping. The rim is in one piece with the body, consequently cannot get knocked off. They are Galvanized and not lead coated.

For Sale by all Wholesale Hardware and Tinware Houses

**Kemp Manufacturing Co., Toronto, Ont.**

**DRAPER'S IMPROVED**

Patented.

Constructed to prevent Scales or Grains of Dirt being Caught between faces at point of closing.

When the projection on valve enters the seat orifice, of which it is an easy fit, only clean fluid rushes past. Scales, etc., are pushed back and the faces meet with nothing between to injure them. Send for prices and particulars to
