

Puttner's Emulsion of Cod Liver Oil,

WITH HYPOPHOSPHITES OF LIME AND SODA, PANCREATINE, &c.,

PREPARED AFTER THE FORMULA OF

C. E. PUTTNER, Ph. M., Instructor of Pharmacy, Halifax College.

PUTTNER'S EMULSION was awarded First Diploma at the Provincial Exhibition held at Halifax, in 1881.

Over 13,000 bottles were sold in Canada alone during September and October, 1882, chiefly prescribed through Physicians; and over 40 gallons were used in the General Hospitals and Dispensary at Halifax during the year 1882.

The leading Physicians throughout the Dominion are prescribing **PUTTNER'S EMULSION**, and speak very highly of its merits as a pharmaceutical preparation. No further proof of this is needed than a perusal of the following testimonials:

MR. C. E. PUTTNER has shown me the composition of the preparation sold under the name of "**Puttner's Emulsion of Cod Liver Oil and Hypophosphites**." I believe the combination to be good and well suited for persons suffering from some of the diseases of the lungs and digestive organs. I think it will also be found very useful in cases where the nervous system is impaired in tone and debilitated.

Messrs. The Puttner Emulsion Co.:

DEAR SIR,—I prescribe your "**Emulsion of Cod-Liver Oil with Hypophosphites**" largely in my practice with most gratifying results. You may use my opinion in any way you desire. I cannot speak too highly of your preparation.

Yours truly, J. F. T. JENKINS, M.D., C.M.

MONTREAL, April 25th, 1882.

Messrs. The Puttner Emulsion Co.:

DEAR SIR,—I have used your **Emulsion** extensively during the past four years, and have much pleasure in adding my testimony as to its efficacy. We had here last summer numerous cases of Whooping Cough and Scarlet Fever. I found the **Emulsion** answer admirably when the acute symptoms had subsided, in very many instances. In most wasting disorders, especially those peculiar to children, your **Emulsion** has rendered me good service, being pleasant to the taste, and no feeling of nausea following its administration. It seldom fails to give good results, and I prefer it to any other preparation of the kind.

I am, yours respectfully,

J. F. BRINE, M.D.

PORT HILL, P.E.I., April 7th, 1882.

ONTARIO MEDICAL ASSOCIATION.

The Third Annual Meeting of the Ontario Medical Association will be held in the Medical Council Hall, Toronto,

WEDNESDAY AND THURSDAY, JUNE 6TH AND 7TH.

It is requested that papers to be read at the meeting will be concise and practical, and that the titles be sent to the Secretary *not later than May 28th*, to enable members to know what subjects are to be discussed.

The necessity for a provincial museum of pathological specimens is making itself more evident, many valuable specimens being lost, for the want of some central place to collect them. Any material forwarded to the Secretary, will be considered as forming the nucleus of a museum under the control of the Association.

Railroad Certificates will be issued to the Profession about the middle of May.
