REV. DR. DOWLING'S GREAT WORK ON ROMANISM.

New and enlarged Edition, with the Author's last additions.

A BOOK FOR EVERY PROTESTANT!

The History of Romanism, from its earliest origin to the present time—By the Rev. John Dowling, D. D.—Embellished with upwards of 50 highly finished engravings, chiefly from original designs.

Just published with the Author's final corrections, a new and enlarged Edition of this splendid and popular work, with a copious supplement, comprising a History of the Life and Reign of the present remarkable Pope, PIUS IX, and a Biographical Sketch of the last Pope GREGORY XVI.

THE best encomium upon this learned, complete and popular History of Romanism, is the fact that SIXTEEN THOUSAND COPIES have been sold in about three years, and still there is a constant demand for it in all parts of the country. In order to meet this demand, and to gratify the public curiosity in relation to the present Pope Pius IX, the present enlarged edition is presented to the public. With the Supplement, the work now forms a splendid octavo volume, for the parlor, or for the library, of 732 pages.

Testimonials to former Editions, selected from more than a hundred, from all Protestant Denominations.

EPISCOPAL. From the Protestant Churchman. "This is a beautiful volume of 672 pages. Good service has been done for the cause of truth by this publication, and it certainly ought to secure for its author an enviable reputation among contributors to the standard literature of the day."

From the Episcopal Recorder. "It traces its subject from the earliest corruptions of Christianity to the present time. It has a full Chronological Table, with Analytical and Alphabetical Indices and Glossary. It is a large and beautiful volume, and full of valuable information."

METHODIST. From Zion's Herald. "It is written in a popular style. Its engravings are numerous and finely executed. The book will doubtless be popular, and cannot fail to produce a profound conviction of the terrible iniquity of Anti-Christ."

Rev. George Coles, of the Christian Advocate and Journal, says—"I cannot but express my gratitude to Almighty God that such a concise and complete development of the Mystery of Iniquity is now presented to the public in a form so elegant and attractive."

CONGREGATIONAL. Rev. Dr. Cheever, in the New York Evangelist, says—"We ought to have noticed this excellent and beautiful work before. It possesses many and very strong claims for popular favor, and we do not doubt that it is destined to have an extraordinary sale. The work itself is characterized by great research, and a comprehensive and Scriptural view of the nature and history of the Popish system."

PRESBYTERIAN. From the (Philadelphia) Presbyterian. "Such a work required deep and protracted research, and it affords evidence that diligence, caution, and judgment, in the selection and arrangement of materials, have not been wanting. The author has availed himself of the writings of both Protestants and Papists, and has brought together a greater mass of information on the history, the spirit, and the doings of Popery, than we have ever seen before in one volume."

MISCELLANEOUS. From the Christian Intelligencer, (Dutch Reformed.) "Those who would see a correct and condensed exhibition of the ten thousand adominations of the Papacy, may find it, to their amazement, in 'Dowling's History of Romanism.' Its contents form a rich sortehouse of historical instruction, which, if it could be placed within the reach of every family, would prove an unspeakable blessing to our beloved country. This is the book for Americans. Place it beside your Bibles. Compare its records of crime and the Papal principles it exposes with the holy doctrines and immaculate life of Jesus of Nazareth. When you have done this, you will have no difficulty in determining whether or not Romanism is Christianity."

Rev. Alexander Campbell, President of Bethany College, of the Church of the Reformers, says:—"In this work are an immense assemblage of facts and documents connected with the development and history of this great manumoth institution of error and iniquity. Popery is developed in this treatise from its birth to the present hour. We desire for this Book a very large circulation. It is only necessary to enlighten this community in the true spirit and character of the Papal system, to secure them against its insidious attacks upon everything we as a people hold dear and sacred. Let every one who buys this work communicate freely to all around him the developments which it reveals, and the facts which it records."

President Cramp, of Montreal, Editor of the Montreal Register, and author of the Text Book of Popery, says:—"This important work possesses merits of a high order. We are pleased to see that Dr. Dowling furnishes ample references to his authorities. The matter is well arranged; the facts unquestionable; the style lucid; and the spirit, Catholic, in the proper sense of the term. Its extensive circulation will be highly advantageous to Protestantism."

Notwithstanding the extensive Supplement now added to this valuable work, the price will remain the same as the former editions. Three Dollars per copy.

THE FARMER'S PAPER THE CANADIAN AGRICULTURIST:

The best and cheapest Farmer's paper published in Canada, and the only one now published in Upper Canada.

THE second volume of the Agriculturist, in its present form, commences January 1850. It is issued monthly, and contains 24 pages, double columns, imperial octavo. During the present year, the advertising sheet will be dispensed with. It will contain numerous illustrations of Machines and Farm Implements, Farm Houses and Cottages, &c., Plans for School Houses, and Diagrams in explanations of questions in mechanical science, and natural philosophy.

Great care will be taken in the selection of matter, whether relating to Agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general Science.—Several intelligent practical farmers and gardeners have promised correspondence, and the editors will be happy to receive communications from all their subscribers.—Such as are of interest will be freely published. Two or three gentlemen of high scientific attainments (one of whom is connected with the University) have agreed to contribute to the columns of the Agriculturist.

Farmers, subscribe and pay for your paper, and then write for it; all parties will thus be pleased and benefited.

The Agriculturist is devoted to the development and advancement of the real interests of Canada. Much good has already been done by this paper, and those which preceded it, and of which it is a continuation. But the proprietors of the Cultivator, and the other papers alluded to, suffered great loss; and the proprietors of the Agriculturist have, so far, been out of pocket, besides the time, labor and anxiety spent in its publication. Is the reproach that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let those who love their country, and desire its improvement, make a little more effort this year, and the reproach may be wiped out forever.

As an inducement to extra exertion, we offer the following Premiums:

ONE HUNDRED DOLLARS! SEVENTY-FIVE DOLLARS! FIFTY DOLLARS!

Every person who will procure 200 subscribers for the Agriculturist, at the subscription of ONE DOLLAR, and remit the money at the time of ordering the paper, will be paid \$100; for 160 subscribers, \$75; for 120 ditto, \$50; for 75 ditto, \$30; for 60 ditto, \$25.

Agricultural Societies, and those persons who obtain paper through the society, are excluded from the above. As we have no travelling agents, the offers are open, and accessible to all, with the exception just mentioned. No papers will be sent unless the subscription accompanies the order, until the smallest number [60] is realized: after that one-half the price may be retained by the competitor, till the completion of the list which he intends to forward. Who will try? Where is the township of Canada West, in which no young man can be found willing to spend two or three weeks this winter to win at least the \$25 prize?

Agricultural Societies ordering 25 copies and upwards, will be supplied at half a dollar; twelve copies and upwards, 3s. 9d. Single subscriptions, one dollar. Local Agents, who will procure over three subscribers and remit us the subscription, free of postage, will be allowed 25 per cent.

GEORGE BUCKLAND, Secretary Agricultural Association, Principal Editor, assisted by WILLIAM McDUGALL, Proprietor.

All letters should be post-paid, and addressed "To the Editors of the Agriculturist, Toronto."

THE WATER CURE JOURNAL,

AND HERALD OF REFORMS.

VOLUME EIGHTH, COMMENCING JULY, 1849.

THE WATER-CURE JOURNAL AND HERALD OF REFORMS, is published monthly, at ONE DOLLAR a year, in advance, containing thirty-two large octavo pages, illustrated with Engravings, exhibiting the structure, Anatomy and Physiology of the entire Human Body, with familiar explanations and instructions to learners.

THIS JOURNAL is emphatically a Journal of Health, adapted to all classes, and is designed to be a complete family guide, in all cases, and in all diseases.

HYDROPATHY

will be fully unfolded, and so explained that all may apply it in various diseases, even those not curable by any other means. There is no system so simple, harmless, and universally applicable, as the WATER-CURE. Its effects are almost miraculous, and it has already been the means of saving the lives of thousands, who are entirely beyond the reach of all other known remedies.

THE PHILOSOPHY OF LIFE AND HEALTH.

will be fully discussed, in every particular, including Food, Air Drinks, Clothing, and Exercise, showing their effects on the body and mind.

REFORMS

in all our modes of life will be pointed out, and made so plain that "he that runs may read." We believe fully that man may prolong his life much beyond the number of years usually attained. We propose in this Journal to show how.

TO INVALIDS,

no matter of what disease, the principles of Hydropathy may safely be applied, and in nine cases out of ten, great benefit may be derived therefrom.

TO THOSE IN HEALTH.

Without health even life is not desirable, unless a remedy can be found. To preserve health no other mode of living can compare with this system. In fact, were its rules observed and carried out, many of our ills would be forever banished from the earth, and the succeeding generations grow up in all the vigor of true mankind.—It will be a part of our duty to teach the world how to preserve health, as well as to cure disease.

TO WOMEN AND MOTHERS

it is universally conceded, by all intelligent practitioners, as well by the old school as the new, that the Water-Cure is not equalled by any other mode of treatment in those peculiar troubles common only to woman. This Journal will contain such advice and instruction as may be considered most important, in all these critical yet unavoidable cases.

TO HYDROPATHIC PRACTITIONERS.

We wish to have it distinctly understood, that this Journal will be devoted to the interests of no party, but will represent the entire Hydropathic profession. Our pages will be open to all who may favor us with such communications as may be of general interest to all classes. Reports of important cases, and all other matters pertaining to health, will be thankfully received, and laid before our readers.

TO THE PUBLIC.

Our facilities for publishing such a work, as this are unsurpassed by any other house in the United States. We have obtained the co-operation of all the leading Hydropathic writers of the age, which will enable us to present the this we have had a wide experience in journal publishing, and have secured the services of nearly all the medical reformers in the land.

THIS JOURNAL

will be published monthly, containing thirty-two large pages of the best matter, with reference to the application of this system, adapted to all classes, on the following

PHRENOLOGY.

Each number will contain the analysis and location of some Phrenological faculty, illustrated by an engraving, of an article on their combination, with instructions to learners.

PHYSIOLOGY.

Health is life, the great instrument of talent, virtue, and happiness; all of which it augments. To its preservation and restoration, special attention will be given.

VITAL MAGNETISM,
