People sometimes suppos that Dr. Pierce's Family Medicines represent the entire extent of his re-sources for curing disease. This is an error. Experience proved that while the Golden Medical Discovery, Favorite Prescription, Pleasant Purgative Pellets, Compound Extract of Smart-Weed, and Dr. Sage's Catarrh Remedy, would if faithfully used cure a large quantity of chronic complaints, there would be here and there a case which, from its severity, or from its complication with other disorders, would resist their action. These exceptional cases required a thorough examination into their symptoms, to ascertain the exact nature and extent of the disease or diseases under which the patient was laboring, and the use of specific remedies to meet and overcome the same. This led to the establishment of the World's Dispensary, at Buffalo, N. Y., with its Faculty of Physicians and Surgeons each of whom is skilled in the treatment of chronic disorders in general and those belonging to his own special department in particular. To one is assigned diseases of the throat and lungs; to another, disaases of the kidneys and urogenital organs; to another, diseases of the digestive system; to another, diseases of the mental system; and to another diseases of the eye and ear. Thus the highest degree of perfection in medicine and surgery is attained. The establishment of this institu-tion enables the Doctor to meet a long-felt want in the treatment of the more severe chronic diseases. By a careful consideration of the symptoms as given in writing, he successfully treats thousands of cases at their homes. The amplest resources for the treatment of lingering affections are thus placed at the disposal of every patient, and those on whom the proprietary medicines do not have the desired effect can procure a more thorough and efficient course by a personal application to the proprietor of the World's Dispensary.

THE HUMAN HAIR.-To give it strength and lustre, to improve its texture, to prevent its falling out and quicken its growth—in short to make it as int nded, the crowning personal charm of both sexesthis is the work Burnett's Cocoaine will accomplish, if faithfully used. There is a stimulating property in this preparation, which greatly assists the growth of the fibres, at the same time rendering them smooth, silky and elastic.
