stance where she, through the testimony of her teaching and practice, is found filling up what is wenting of the completion of the written law. She, who was, before the words of the New Testament were written from whose mouth it was taken down, on whose authority it was promulgated, on whose faith it has been received—she, the undying witness, bears testimony not only to the truth of Holy Writ, but to the whole truth, as delivered to her, speaking not "as with the "tongues of men and of Angels," but of Christ, whose spouse she is, and who has promised to be "with her all days, even unto the consummation of "the world." This same Church, which Christ gave birth to in His Disciples, now grown unto maturity, as the living witness, bears testimony to her teaching of Our Lord during those forty days after His resurrection, of which Holy Writ contains no record. And even as we are told that in the full-grown man there is not a single atom of that physical substance which made up his childish frame, all having been removed particle by particle, but at the same time renewed again and again: so is it with the body of the Church, of which the Faithful are each but an atom. But the Church lives throughout, animated by the same spirit with which the Holy Ghost filled her on the day of Pentecost, bearing testimony to the truth which she has heard and witnessed. This testimony is embodied in her traditions. On this testimony the sacramental rule of marriage has been established throughout Christendom; and only by reference to this her testimony can that rule, when brought in question, be maintained. Like the settling the Canon of Scripture, infant baptism, the keeping of the Lord's Day, and not the Jewish Sabbath, the Christian, marriage rule is provable only by testimony of Cathelic tradition.

### DR. MORSE'S

## INDIAN ROOT PILLS.

DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa as well as North America—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD-that our strength, health and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different func-tions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagmant hu-mors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely Morse's Indian Root Pill's manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, ich opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant. that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys thus oncouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way .-The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure

and clear. The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intes-tines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames, have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astenished, and absolutely surprised in witnessing their charming effects. Not only do they give immediate case and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cherish and brighten your days.

Ireland has produced many geniuses, but rarely one, upon the whole superior to Gerald Griffin."—Brownson's Review.

"Whoever wishes to read one of the most passionate and pathetic novels in English literature will take with him, during the summer vacation. The Collegians, by Gerald Griffin. The picture of Irish character and manners a half a century since in The Collegians, is masterly, and the power with which the fond, impetuous, passionate, thoroughly Coltic nature 50 cents of Hardress Cregan is drawn, evinces rare genius. Griffin died young, but this one story, if nothing else of his, will surely live among the very best novels of the time. It is full of incident, and an absorbing interest allures the reader to the end, and leaves him with a melted heart and moistened eye.
