

No. 35 "D" Standard Metal Lockers.

"D.L." Standard METAL LOCKERS and Shelving

The many forms of metal lockers and shelving that we produce fulfill every requirement of modern buildings. We employ experienced workmen in our locker department, which is the largest in Canada, and we are able to guarantee the quality of our work both as to material and workmanship.

One of our latest productions is No. 35 D, a locker of superior construction and appearance, for the use of banks, public buildings, offices, etc. It has all the sanitary and safety qualities of our celebrated "D L" Standard Metal Lockers, and is finished in a manner that fits it for buildings of the highest class.

The Heating System As a Selling Point

Now-a-days a good heating system is an important factor in the selling of houses and buildings.

When the buyer sees the name PEASE on the furnace or boiler, he knows that economical and efficient heating is assured.

PEASE Systems are widely advertised. They are everything that they are represented to be, and more.

Economical, efficient and durable they are endorsed by reliable Builders and Architects everywhere.

Investigate PEASE Systems. It means money to you.
