children reminding them of the great Guest they had received and telling them that they could now with greater confidence ask favors of our Lord for themselves, their parents, teachers and friends. He told them that the prayers of little children were very powerful with God and begged of them to pray to Him for the restoration of our schools as one of the most precious gifts they as one of the most precious gifts they could ask for. The gentle, pathetic words of His Grace must have found an echo in the hearts of these little ones and many were the fervent prayers that went up to Heaven that happy morning for our schools from many pure and innocent hearts.

Death of Rev. Father Dumortier, S.J.

The telegrams bringing us the news of the death of the Rev. Father Dumortier, S. J., of Guelph, Ont. On the 17th of last May this holy and zealous priest of God celebrated the golden jubilee of his ordination, amid the congratulations and joy of a people among whom he had labored as a missionary priest for nearly half a century. A man of eminent sanctity and most simple manners, he was universally beloved by every one who had the privilege of knowing him. He died on the 8th of this month and the dispatches from Guelph inform us that the remains of the dear good father were followed to the grave by a large concourse of people, who, knowing of his goodness, zeal and devotion in life, wished to show their respect to his memory by this last service.

BROKEN IN HEALTH.

THE INTERESTING STORY OF A LADY IN QU'APPELLE, N. W. T.

Suffered with Severe Headaches, Loss of Appetite and Fatigue on Slight Exertion -Insomnia Added Its Terrors, to Her Trouble.

The Vidette, Qu'Appelie, N. W. T.

Throughout this broad Dominion there are thousands of women, prematurely old and constant sufferers, either as a result of too constant application to household work, or from troubles incidental to the sex. To those suffering thus, it is gratifying to know that there has at last been found a remedy that will restore them to health and strength, and bring health and happiness where had been before misery and suffering. Many of our readers who know Mrs. Cargo only as an energetic and capable boarding house keeper, may not know that about a year and a half ago she was a confirmed sufferer, feeling but little hope of her recovery to health. Although not confined to bed she dragged on a wretched existence from day to day. Added to her other sufferings was that terrible one, known to some in a mild form, but to few as to Mrs. Cargo—insomnia. This with her other troubles, headache and a feeling of fatigue on slight exertion was rapidly breaking her down. Many medicines were tried but none reached the seat of the trouble and Mrs. Cargo felt like giving up in despair. At last she was induced to try a medicine that St. Boniface Academy is exciting much favorable comment the world over—Dr. Williams' Pink Pills for Pale People. Mrs. Cargo admits that after the numerous disappointments she had experienced she had but little faith left in any medicine, but before taking the Pink Pills long she found her ap-petite, which had before been very poor, returning, and this gave her the first ray of hope she had had. Her husband began to notice the improvement in her condition and another supply of Pink Pills was procured, which were carefully and faithfully taken according to directions. The improvement was so marked that she continued the treatment from January until March, at the end of Which time she had gained thirty-seven pounds in weight, and was fully restored to health and has had no return of the trouble since.

Mrs. Cargo says she cannot speak in terms too strong in favor of Dr. Williams Pink Pills and would like us to make known to other poor sufferers the benefit she has derived from the use of this great restoring medicine.

An impoverished condition of the blood, or a disordered state of the nerves is the fruitful source of most ills that affect mankind, and to any thus affected Dr. Williams' Pink Pills offer a speedy and certain cure. No other remedy has ever met with such great and continued success, which is one of the strongest proofs that Dr. William's Pink Pills accomplish all that is claimed for them. They cure locomotor ataxia, partial par-alysis, St. Vitus dance, sciatica, neural-gia, rheumatisu, nervous headache, palpitation of the heart, nervous prostration, diseases depending upon vitiated blood, such as scrofula, chronic erysipelas. etc. They are also a specific for troubles peculiar to females, curing all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork, or excess of any nat-

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark. They are never sold in bulk, and any dealer who offers substitutes in this form should be avoided. These pills are manufactured by the Dr. Williams Medicine Co., Brockville, Ont., and Schenectady, N. Y., and may be had of all druggists, or direct by mail at either address, at 50 cents a box or six boxes for \$2.50. Diseases of the Liver.

St. Ann's Academy. (KAMLOOPS, B. C.)

Re-opened on the 26th of August. Pupils attending the institution have every facility of perfecting themselves in the French and English language. Gratuitous lessons are given in plain sewing and fancy work, while great attention is paid to the training and department of the pupils. This school is pleasantly situated in the healtiest and most pituresque part of the city of Kamloops. Music on piano and stringed instruments is thoroughly taught at this Academy.

A STIMULANT. TONIC. A FOOD.

FOR OLD PEOPLE. FOR YOUNG PEOPLE.

Should you find the cold, raw autumn winds chilling you to the bone and making you feel as though it would be almost impossible to stand the still colder weather yet to come. Try say a half-pint bottle a day of our Extra Porter; the cost will be but a trifle over five cents per day and may do you a great deal of good.

Porter enriches the blood, warms up the system and generally produces a cheerfulness of mind and a desire to look upon the brighter side of life.

Many people say "I don't like porter or

of mind and a desire to look upon the brighter side of life.

Many people say "I don't like porter or lager, if I did I would use it regularly and no doubt be benefitted by its use." Now, people, as a ceneral thing, don't use only the medicines prescribed for them, that are palatable or that just suit their fancy, they take anything and everything the doctor sends. So we say to such people take your porter as an article of fully recognized medicinal value, whether you like it or not. Porter—and this applies equally to our ale or lager—is so mild a stimulant that none of the depressing effects sometimes feit after using stronger stimulants is experienced.

Bottled in quarts, pints and half-pints, the latter one glass, no waste always fres
