

ARTICLE III

1. The Government of Canada and the Government of the Union of Soviet Socialist Republics recognize that States in whose fresh waters anadromous stocks originate have the primary interest in and responsibility for such stocks and agree in principle that fishing for anadromous species should not be conducted in areas beyond the limits of national fisheries jurisdiction. They will continue to work together for the establishment of permanent multilateral arrangements reflecting this position, taking into account all relevant factors.

2. Pursuant to paragraph (1), the Government of Canada and the Government of the Union of Soviet Socialist Republics shall take measures to ensure that their nationals and vessels avoid the taking of anadromous stocks spawned in waters under the jurisdiction of the other Contracting Party.

ARTICLE IV

The Government of Canada and the Government of the Union of Soviet Socialist Republics undertake to co-operate directly or through appropriate international organizations to ensure proper management and conservation of the living resources of the high seas beyond the limits of national fisheries jurisdiction, including areas of the high seas beyond and immediately adjacent to the areas under their respective fisheries jurisdiction, taking into account their interests in such resources.

ARTICLE V

1. The Government of the Union of Soviet Socialist Republics shall take measures to ensure that USSR fishing vessels operate in compliance with the provisions of this Agreement.

2. The Government of Canada shall take the necessary measures to give effect to the provisions of this Agreement, including the issuance of licences pursuant to the provisions of Article II.

ARTICLE VI

1. The Government of Canada and the Government of the Union of Soviet Socialist Republics shall carry out periodic bilateral consultations regarding the implementation of this Agreement and the development of further co-operation. In particular, they shall examine jointly the possibility of future bilateral co-operation on such matters as exchanges of technical information and personnel; improvement of utilization and processing of catches; the facilitation of co-operative arrangements between Canadian and Soviet enterprises with respect to the utilization of living resources of waters off the Canadian coast; arrangements for the use of Canadian ports by Soviet fishing vessels to ship or discharge crew members or other persons and for such other purposes as may be agreed upon; expansion of markets for fish and fish products originating in Canada, and the reduction or elimination of tariff and non-tariff barriers for such products.
