Golding, Mr. William H. (South Huron)

Address in reply, 160. Eyes of the people turned with expectancy and hope year after year to contents of speech from the throne; capitalizing present unrest and depression; burden of unfulfilled promises resting on present government; 160; review of statements made by government in previous speeches from the throne; putting into effect high tariff policy in 1930; Dunning budget of 1930 designed to cope with then existing conditions; 161; unwarranted note of optimism in speech from the throne of 1932; participation of government in national, international and imperial conferences; disastrous results of our high tariff policy, 162; effect of protectionist policy of United States government on trade with Canada; advocacy of reciprocal trade agreement with United States; problem of improving agricultural conditions; 163; all our problems bound up in great problem of expansion of our trade; proposed investigation by special committee of government into marketing of live stock and animal products; proposed central bank, 164
